

Annual Funding Notice

Alcatel-Lucent Retirement Income Plan

Introduction

This notice contains important information about the funding status of your pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (the “PBGC”), a federal insurance agency. **You are not required to take any action in connection with this notice.** All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided to you for informational purposes. This notice is for the plan year (the “Plan Year”) beginning on January 1, 2013 and ending on December 31, 2013.

How Well Funded Is Your Plan?

Generally, a plan’s funded status is determined by comparing the plan’s assets (the assets that have been set aside in trust to pay the plan’s benefits obligations and administrative costs) to its liabilities (the present value of all promised future benefits payments). Funded status is expressed as a percentage determined by dividing assets by liabilities. For example, a plan with \$80 in assets and \$100 in liabilities would be 80% funded ($80 \div 100 = 0.8$). A plan with \$100 in assets and \$80 in liabilities would be 125% funded ($100 \div 80 = 1.25$). The higher the percentage, the better funded the plan.

In accordance with federal law, this Notice reports on how well funded your Plan is by using a measure called the “funding target attainment percentage.” This percentage is obtained by dividing the Plan’s Net Plan Assets by Plan Liabilities on the Valuation Date for the Plan Year. (The terms Net Plan Assets, Plan Liabilities and Valuation Date are defined below following the chart.) Your Plan’s funding target attainment percentage for the 2013 Plan Year, and each of the two preceding Plan Years, is shown in the chart below. The value of the Plan’s assets and liabilities for each of the same years is also shown.

NOTE: A plan’s funding target attainment percentage is measured as of the plan’s “Valuation Date,” which is the first day of the Plan Year at issue. Thus, in the chart, the funded status of your Plan is shown as of the beginning of each Plan Year (e.g., as of January 1, 2013, January 1, 2012, etc.).

Funding Target Attainment Percentage

	2013	2012	2011
1. Valuation Date	1/1/2013	1/1/2012	1/1/2011
2. Plan Assets			
a. Total Plan Assets	\$18,217,270,855	\$17,888,185,252	\$16,319,045,972
b. Funding Standard Carryover Balance	\$58,806,669	\$52,237,226	\$22,199,981
c. Prefunding Balance	\$0	\$0	\$0
d. Net Plan Assets: (a) - (b) - (c) = (d)	\$18,158,464,186	\$17,835,948,026	\$16,296,845,991
3. Plan Liabilities	\$15,216,756,591	\$15,140,633,748	\$16,131,392,991
4. At-Risk Liabilities	Not applicable	Not applicable	Not applicable
5. Funding Target Attainment Percentage: (2d)/(3)	119.3%	117.8%	101.0%

a) Net Plan Assets

Net Plan Assets (line 2d on the chart) are the Plan's Total Plan Assets (line 2a) minus its Funding Standard Carryover Balance (line 2b) and Prefunding Balance (line 2c). Total Plan Assets is the value of the Plan's assets on the Valuation Date. Credit balances are subtracted from Total Plan Assets to determine Net Plan Assets used in the calculation of the funding target attainment percentage shown in the chart (line 5). A plan might have a credit balance, for example, if in a prior year an employer made contributions to the plan above the minimum level required by law. Generally, the excess contributions are counted as "credits" and may be applied in future years toward the minimum level of contributions a plan sponsor is required to make by law. While pension plans are permitted to maintain credit balances (also called "Funding Standard Carryover Balance" or "Prefunding Balance" see lines 2b & c in the chart) for funding purposes, they may not be taken into account when calculating a plan's funding target attainment percentage.

The asset values shown in the chart (lines 2a-d) are "actuarial values" rather than market values. Because market values can fluctuate daily based on factors in the marketplace (such as in the stock market), pension law allows plans to use actuarial values that are designed to smooth out those fluctuations for funding purposes. Market values tend to show a clearer picture of a plan's funded status as of a given point in time. For the 2012 and 2011 Plan Years, the Plan's sponsoring employer, Alcatel-Lucent USA Inc. (the "Company"), elected to use a two-year actuarial (smoothed) valuation method. The Company is generally required to use this same method for the 2013 Plan Year.

b) Plan Liabilities

Plan Liabilities shown in line 3 of the chart are the liabilities used to determine the Plan's funding target attainment percentage. This figure is an estimated present value, using certain actuarial and interest-rate assumptions, of all future benefits payments promised under the Plan. One way to think of this figure is as an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the Plan.

The interest rates used to determine Plan liabilities are based on current corporate bond yields, as published by the US Department of Treasury. As a result of changes in the law effective beginning in 2012, those rates are adjusted, as necessary, to fall within specified ranges of rates averaged over a 25-year period. The change, part of the Moving Ahead for Progress in the 21st Century Act ("MAP-21"), had the effect of improving the Plan's funding target attainment percentage for the 2012 Plan Year by approximately 16.0 percentage points and for the 2013 Plan Year by approximately 15.4 percentage points. (Note: The Company has until October 2014 to select definitively the actuarial and interest rate assumptions that it will use for determining liabilities for the 2013 Plan Year.)

c) Valuation Date

A plan's funding target attainment percentage is measured as of the plan's "Valuation Date," which is the first day of the Plan Year at issue. Thus, in the chart, the funded status of your Plan is shown as of the beginning of each Plan Year (e.g., as of January 1, 2013, January 1, 2012, etc.).

Year-End Assets and Liabilities

As noted, the asset and liability values in the chart are measured as of the first day of the Plan Year. As of the last day of the Plan Year (December 31, 2013), the fair market value of the Plan's assets was \$19,407,425,022, and the actuarial (two-year smoothed) value was \$19,708,233,048. On this same date, the Plan's liabilities (based on PBGC interest rates and not corporate bond yields adjusted under MAP-21) were \$17,898,675,000. The foregoing year-end amounts reflect the impact of the merger/consolidation described below under "Plan Mergers/Consolidations During 2013."

Participant Information

The total number of participants in the Plan as of the Plan's 2013 Valuation Date was 100,261. Of this number, 9,455 were active participants, 70,237 were retired or separated from service and receiving benefits, and 20,569 were retired or separated from service and entitled to benefits in the future.

Plan Mergers/Consolidations During 2013

On December 1, 2013, the following participants and beneficiaries in the Lucent Technologies Inc. Pension Plan (the “LTPP”) (assigned plan number 002 [PN 002] by the Company) were transferred from the LTPP to the Plan [PN 001]: (1) service pension eligible participants who, when last actively employed by the Company or an affiliate of the Company that adopted the LTPP for the benefit of its eligible employees (a “Participating Company”), were not represented for purposes of collective bargaining by the Communications Workers of America (“CWA”) or the International Brotherhood of Electrical Workers (“IBEW”); (2) deferred vested participants; (3) alternate payees of LTPP participants in pay status as of September 1, 2013; and (4) beneficiaries of LTPP participants who died prior to January 1, 2013 in pay status as of September 1, 2013. The number of participants, alternate payees and beneficiaries so transferred was approximately 31,000. It is estimated that the transfer will improve the funding target attainment percentage of the Plan.

Funding and Investment Policies

Every pension plan must have funding and investment policies to carry out plan objectives.

A plan’s funding policy describes how much should be contributed to the plan to pay for promised benefits. The Company’s funding policy with respect to the Plan is to contribute amounts sufficient to meet the minimum funding requirements of federal law plus such additional amounts as the Company may determine to be appropriate.

Once money is contributed to the Plan, the money is invested by plan officials, called fiduciaries, who make specific investments in accordance with the Plan’s investment policy. Generally, an investment policy is a written statement that provides the fiduciaries who are responsible for plan investments with guidelines or general instructions concerning how to invest a plan’s assets. The investment policy of the Plan is to invest in various asset categories in accordance with asset allocation percentages approved by the Alcatel-Lucent Board of Directors (the “Board”). During the 2013 Plan Year, the asset allocation percentages for the Plan as approved by the Board were as follows: Global Equity, 10%; Core Fixed Income, 25%; Corporate Bonds, 32%; TIPS (Treasury Inflation Protected Securities), 10%; High Yield, 3%; Private Equity, 8%; Real Estate, 7%; Absolute Return, 5%. Each asset category has an underlying investment strategy and diversification requirement, which is established and monitored by plan fiduciaries. Because the various asset categories will generate different returns over time, the Plan’s assets are rebalanced, as appropriate, to the asset allocation percentages approved by the Board.

The Plan’s investments are held in various master trust investment accounts. You may obtain information about the Plan’s investments in those accounts as of the end of the 2013 Plan Year by writing to:

Alcatel-Lucent
Benefit Operations
600-700 Mountain Avenue
Room 2B-410
Murray Hill, NJ 07974

NOTE: This information will generally be available after October 15, 2014.

Using the asset categories used in the Plan’s Annual Returns/Reports (Form 5500), the Plan’s assets were allocated among the following asset classes as of the end of the 2013 Plan Year:

Asset Allocations	Percentage
1. Cash (interest bearing and non-interest bearing)	_____
2. U.S. Government securities	_____
3. Corporate debt instruments (other than employer securities):	
a. Preferred	_____
b. All other	_____
4. Corporate stocks (other than employer securities):	
a. Preferred	_____
b. All other	_____
5. Partnership/joint venture interests	_____
6. Real estate (other than employer real property)	_____
7. Loans (other than to participants)	_____
8. Participant loans	_____
9. Value of interest in common/collective trusts	_____
10. Value of interest in pooled separate accounts	_____
11. Value of interest in master trust investment accounts	100
12. Value of interest in 103-12 investment entities	_____
13. Value of interest in registered investment companies (e.g., mutual funds)	_____
14. Value of funds held in insurance co. general account (unallocated contracts)	_____
15. Employer-related investments:	
a. Employer securities	_____
b. Employer real property	_____
16. Buildings and other property used in plan operation	_____
17. Other	_____

Right to Request a Copy of the Annual Report

A pension plan is required to file with the U.S. Department of Labor an annual report, called the Form 5500, that contains financial and other information about the plan. Copies of your Plan's annual report are available from the U.S. Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202-693-8673. For certain plan years, you may obtain an electronic copy of the Plan's annual report in two ways: (a) by going to the U.S. Department of Labor's website maintained for this purpose, www.efast.dol.gov, and using the Form 5500 search function, or (b) by visiting Alcatel-Lucent's benefits-related website, www.benefitanswersplus.com, clicking on the panel that corresponds to your employment status (e.g., Retirees – Management) and then, under "Legal Documents," clicking on "5500 Forms." You may also obtain a copy of the Plan's annual report by writing to:

Alcatel-Lucent
Benefit Operations
600-700 Mountain Avenue
Room 2B-410
Murray Hill, NJ 07974

NOTE: A copy of the Plan's 2013 annual report will generally be available after October 15, 2014.

Individual information, such as the amount of your accrued benefit under the Plan, is not contained in the annual report. If you are seeking information regarding your benefits under the Plan, contact the plan administrator identified on page 6 under “Where to Get More Information.”

Summary of Rules Governing Termination of Single-Employer Plans

If a plan is terminated, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end the plan in a “standard termination” but only after showing the PBGC that the plan has enough money to pay all benefits owed to participants. Under a standard termination, the plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly, for life or for a set period of time when you retire) or, if your plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) that your employer may select to provide the annuity. The PBGC’s guarantee ends when your employer purchases your annuity or gives you the lump-sum payment.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that the PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor’s bankruptcy and the bankruptcy proceeding began on or after September 16, 2006, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable, in 2014, the maximum guarantee is \$4,943.18 per month, or \$59,318.16 per year, for a benefit paid to a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor’s bankruptcy, and the bankruptcy proceeding began on or after September 16, 2006, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from the PBGC before age 65; the maximum guarantee by age can be found on the PBGC’s website, www.pbgc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees “basic benefits” earned before a plan is terminated, which include:

- pension benefits at normal retirement age;
- most early retirement benefits;
- annuity benefits for survivors of plan participants; and
- disability benefits for a disability that occurred before the date the plan terminated or the date the sponsor entered bankruptcy, as applicable.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

Where to Get More Information

For more information about this notice, contact the Alcatel-Lucent Pension Service Center toll-free at 866-429-5764, Monday through Friday from 9 a.m. to 5 p.m., Eastern Time. (For the hearing impaired, the TDD number is 866-429-5765.)

For more information about the PBGC and benefit guarantees, go to the PBGC's website, www.pbtc.gov, or call the PBGC toll-free at 800-400-7242. (TTY/TDD users may call the Federal Relay Service toll-free at 800-877-8339 and ask to be connected to 800-400-7242.)

For identification purposes, the official Plan number of the Plan is PN 001 and the Plan sponsor's employer identification number or "EIN" is 22-3408857.
