C Plan sponsor's name as shown on lin NOKIA OF AMERICA CORPORATIO		' '	er Identification Number 2-3408857	(EIN)
Part I Asset and Liability 9	tatament			•

Part I | Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
Total noninterest-bearing cash	1a		
Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)		
(2) Participant contributions	1b(2)		
(3) Other	1b(3)	73540000	54587000
General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	14376000	9993000
(2) U.S. Government securities	1c(2)	650341000	698518000
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)	275825000	246114000
(B) All other	1c(3)(B)	338790000	296909000
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)	601000	176000
(B) Common	1c(4)(B)	2116193000	2250790000
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)	23698000	22247000
(9) Value of interest in common/collective trusts	1c(9)	4125514000	4498884000
(10) Value of interest in pooled separate accounts	1c(10)		
(11) Value of interest in master trust investment accounts	1c(11)		
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	13983000	14896000
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)		
(15) Other	1c(15)	1449138000	1738104000

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)	192000	252000
(2) Employer real property	1d(2)		
Buildings and other property used in plan operation	1e		
f Total assets (add all amounts in lines 1a through 1e)	1f	9082191000	9831470000
Liabilities			
g Benefit claims payable	1g		
h Operating payables	1h	5250000	9144000
i Acquisition indebtedness	1i		
j Other liabilities	1j	704260000	875626000
k Total liabilities (add all amounts in lines 1g through1j)	1k	709510000	884770000
Net Assets			
Net assets (subtract line 1k from line 1f)	11	8372681000	8946700000

Part II Income and Expense Statement

Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)		
(B) Participants	2a(1)(B)	107337000	
(C) Others (including rollovers)	2a(1)(C)	11866000	
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A), (B), (C), and line 2a(2)	2a(3)		119203000
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)	1536000	
(F) Other	2b(1)(F)	57889000	
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		59425000
(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)	54594000	
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)		
(D) Total dividends. Add lines 2b(2)(A), (B), and (C)	2b(2)(D)		54594000
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)	4091105000	
(B) Aggregate carrying amount (see instructions)	2b(4)(B)	3971411000	
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		119694000
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)	216689000	
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		216689000

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)	. ,	656485000
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	OL (O)		
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		2739000
Other income	2c		154840000
Total income. Add all income amounts in column (b) and enter total	2d		1383669000
Expenses			
Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	807366000	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		807366000
Corrective distributions (see instructions)	2f		
Certain deemed distributions of participant loans (see instructions)	2g		-40000
Interest expense	2h		
Administrative expenses:			
(1) Salaries and allowances	2i(1)		
(2) Contract administrator fees	2i(2)		
(3) Recordkeeping fees	2i(3)		
(4) IQPA audit fees	2i(4)		
(5) Investment advisory and investment management fees	2i(5)		
(6) Bank or trust company trustee/custodial fees	2i(6)		
(7) Actuarial fees	2i(7)		
(8) Legal fees	2i(8)		
(9) Valuation/appraisal fees	0:(0)		
(10) Other trustee fees and expenses	0:/40)		
(11) Other expenses	2:/44)	2324000	
(12) Total administrative expenses. Add lines 2i(1) through (11)	21/42)		2324000
Total expenses. Add all expense amounts in column (b) and enter total			809650000
Net Income and Reconciliation			
Net income (loss). Subtract line 2j from line 2d	. 2k		574019000
Transfers of assets:

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of the Nokia Savings/401(k) Plan

Opinion

We have audited the financial statements of Nokia Savings/401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining

sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at the end of the year) and loans or fixed income obligations in default or classified as uncollectible, as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of the Plan

The following description of the Nokia Savings/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan maintained by Nokia of America Corporation (the Company and Plan Administrator). The Plan covers eligible employees of the Company and those of its affiliates that are identified in the Plan document as "Participating Companies" with respect to the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is an individual account plan that permits participants and beneficiaries to exercise control over the assets in their respective accounts. As such, the Plan is intended to meet the requirements of Section 404(c) of ERISA and the regulations promulgated thereunder. An eligible employee, as described in the Plan document, enters the Plan by authorizing a payroll withholding and directing a contribution among the different investment funds of the Plan.

The Plan's assets are held by Bank of New York Mellon (BNY), as Trustee (the Trustee) and custodian, in the Lucent Technologies Inc. Defined Contribution Plan Master Trust (the Trust). The Trust is not a master trust and does not file as a master trust direct filing entity on Form 5500. Nokia Investment Management Corporation (NIMCO), a wholly-owned direct subsidiary of the Company, was, until September 30, 2024, the "named fiduciary" (within the meaning of ERISA) of the Trust and was the fiduciary with authority to direct the Plan's Trustee. Effective October 1, 2024, NIMCO was removed as the "named fiduciary" of the Trust, and the Nokia Pension and Benefit Investment Committee (PBIC) replaced NIMCO as the entity with authority to direct the Trustee. Also, effective October 1, 2024, the Company appointed Mercer Investments LLC (Mercer) as the Outsourced Chief Investment Officer and fully-discretionary investment manager (within the meaning of ERISA 3(38)) and fiduciary with respect to the Plan's assets.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Plan was also amended, effective as of October 1, 2024, to remove the Company as "named fiduciary" (within the meaning of ERISA) of the Plan and to instead identify the following as the Plan's named fiduciaries:

- (i) With respect to matters relating to Plan investments: the PBIC;
- (ii) With respect to matters relating to Plan administration (other than appeals from denied claims for benefits): the (Nokia) Administrative Oversight Committee; and
- (iii) With respect to appeals from denied claims for benefits: the (Nokia) Employee Benefits Committee.

The Plan is the successor by merger to various defined contribution plans previously maintained by AG Communication Systems Corporation, Alcatel USA, Inc., Nokia Solutions and Networks US LLC and Nokia USA Inc. as well as the Company.

Contributions

Participant contributions of 1% to 50% of eligible compensation may be authorized. After-tax contributions are limited to a maximum election of 25% of eligible compensation. An employee may designate contributions as pre-tax contributions, after-tax contributions, Roth 401(k) contribution or a combination of pre-tax, after-tax and Roth 401(k) contributions. The Internal Revenue Code (the Code) limited the maximum amount of an employee's contribution on a pre-tax and/or Roth 401(k) basis to \$23,000 in 2024. Employees who are age 50 or older on or before December 31 may be eligible to make pre-tax and/or Roth 401(k) contributions beyond the Code pre-tax limit. The catch-up contribution limit set by the Internal Revenue Service (the IRS) was \$7,500 in 2024. A participant who is eligible for and elects to make catch-up contributions may choose to reduce his or her compensation by a specified whole percentage not in excess of 75% (instead of the 50% limit applicable to participants who are not eligible for and who do not elect to make catch-up contributions). Participants may also contribute amounts representing eligible rollover distributions from other qualified defined benefit or defined contribution plans.

The Company no longer provides matching contributions. Other Company contributions (such as profit-sharing contributions) may be made at the discretion of the Company's Board of Directors. There were no Company contributions during 2024.

Participant accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related past matching and Company contributions, if applicable, and investment gains. Participant accounts are charged with withdrawals, investment losses and any applicable administrative expenses and other fees as described in Note 7. The

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan offers the opportunity for participants to have their Plan account professionally managed by the Plan's designated investment manager, Alight Financial Advisors, LLC. This program is called "Professional Management".

Vesting

The Plan provides for 100% vesting of Company contributions for active represented/occupational employees upon completion of three years of service or upon the occurrence of certain prescribed events (i.e., death or disability), regardless of years of service. There are no longer any active represented/occupational employees participating in the Plan (with the last such employee having terminated from employment in 2021).

Special vesting rules may apply to certain prior plans that were merged into the Plan (or a predecessor plan) that might have imposed special vesting rules on amounts contributed to those plans.

Participant contributions and Company contributions are invested in accordance with respective participant elections. All participant contributions and earnings thereon are immediately vested and are not subject to forfeiture.

Forfeited accounts

Company contributions and related earnings in which a terminated participant is not vested are forfeited. Pursuant to the terms of the Plan, these forfeitures can be used either (i) to offset Plan administrative expenses, or (ii) to reduce Company matching contributions. In 2022, the Plan was amended also to provide that forfeited amounts can be allocated, on a *per capita* basis, to the accounts of active participants in the Plan. As of December 31, 2024 and 2023, forfeited amounts totaled approximately \$1,000 and \$3,000, respectively. During 2024, \$3,000 of forfeitures were used to offset plan administrative expenses.

Investments available under the Plan

The Plan offers participants a broad array of investment funds from which to choose. Each fund offers differing levels of risk and potential for return. Each fund is either a separate account fund (separately managed account) for which underlying investments are listed individually on Form 5500, Schedule H, Line 4i or an institutional commingled fund (common/collective trust).

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The investment funds (and their type) available under the Plan during 2024 were as follows:

Asset Class	Fund Name	Fund Type
	Money Market Fund	Institutional Commingled Fund

	Rethement Bate 2000 I and	

^{*}These funds are only available in multi manager funds and are not available for direct participant investment.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants may also utilize a self-directed brokerage account offered under the Plan.

The Plan permits the Company to designate one or more investment options as the Plan's "qualified default investment alternative" (QDIA) within the meaning of Section 404(c)(5) of the ERISA, as amended, and regulations issued thereunder. The Company has designated the thirteen "Retirement Date Funds" shown above, which are managed by AllianceBernstein L.P., as the Plan's QDIA.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Other than some grandfathered loans, participants may have one general loan and one home loan outstanding at a time. Loans are available to participants in an amount up to 50% of their vested account balance, from \$1,000 to \$50,000, subject to certain limitations, as defined in the Plan document. Upon default, as described in the Plan, participants are considered to have received a distribution and are subject to income taxes on the distributed amount. Also, participants may be subject to an additional 10% penalty tax on their taxable withdrawal if it occurs prior to age 59½. The loans are secured by the participant's account balance. Participant loans bear interest at a rate as determined from time to time by the Plan Administrator. As of December 31, 2024, participant loans have maturities through June 2041 at interest rates ranging from 3.25% to 9.50%. Principal and interest are paid through payroll deductions, coupon remittances and electronic fund transfers.

Distributions

Participants who separate from service may elect to receive a distribution of their vested account balance. The standard form of distribution is a lump-sum payment in cash. Participants may also elect an unlimited number of partial withdrawals, subject to a minimum withdrawal of \$300. For those enrolled in the Professional Management program and have selected the Income Beyond Retirement feature, there is no minimum partial distribution amount.

Represented/occupational participants retiring after January 1, 2003 with a service pension from the Lucent Technologies Inc. Pension Plan or who terminate employment because of disability may elect to receive their entire vested account balance in a series of regular, systematic installments.

Prior to June 1, 1993, participants retiring with a service pension or who terminated employment because of disability were eligible to receive their entire vested account balance in a series of regular, systematic installments.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Through an annual process and 60-days after an active employee terminates, inactive participants with vested account balances of \$1,000 or less will have their account balances automatically distributed if they do not make affirmative distribution elections. Inactive participants with vested account balances greater than \$1,000 but less than or equal to \$7,000 will have their account balances automatically rolled over into an Individual Retirement Account to be established on their behalf if they do not make an affirmative distribution election.

If the participant does not request a distribution and the account balance exceeds \$7,000, the participant's account shall remain in the Plan and shall be distributed only (1) at the participant's request, (2) when the participant attains age 72 (or age 73 for those who reached age 72 on or after January 1, 2023) through the payment of Minimum Required Distributions, as described in the Plan document, or (3) upon the participant's death, whichever is earliest.

When a participant dies, the entire amount in the participant's account is transferred to an account(s) for the participant's beneficiaries.

In-service withdrawals

The Plan allows the following types of in-service withdrawals (withdrawals from the Plan while employed by the Company) to help meet immediate financial needs:

- Age 59½ (or Older) Roth/non-Roth in-service withdrawals,
- Under Age 59½ Roth/non-Roth in-service withdrawals—non-hardship,
- Under Age 59½ in-service withdrawals—hardship, and
- Rollover account in-service withdrawals.

The amount participants may withdraw from their Plan account is subject to Plan and IRS rules.

All in-service withdrawals are made on a pro-rata basis from the investment funds in which the participant's account is invested at the time of processing the withdrawal. If the participant intends to take an in-service withdrawal from investments held in his or her self-directed brokerage account, he or she will need to liquidate that portion of their self-directed brokerage account and transfer the money to one (or more) of the Plan's investment funds in order to effectuate the withdrawal.

All in-service withdrawals are withdrawn from contribution sources in a particular order as set forth under the terms of the Plan. Some contribution sources are unavailable for withdrawal or are subject to restrictions on the portion of such sources that are available for withdrawal.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Age 59½ (or Older) Roth/non-Roth in-service withdrawals

If a participant is at least age 59½ and has not incurred a severance from employment, they may withdraw all or a portion of their Plan account balance. There is no limit on the number of such withdrawals that they can make from the Plan in any given Plan Year.

Under Age 59½ Roth/non-Roth in-service withdrawals—non-hardship

If a participant is under age 59½ and has not incurred a severance from employment, they may take a non-hardship in-service withdrawal. There is no limit on the number of such withdrawals that they can make from the Plan in any given Plan Year.

Under Age 59½ in-service withdrawals—hardship

If a participant is under age 59½ years and have not incurred a severance from employment, they may withdraw pre-tax contributions, pre-1989 earnings on such contributions, and catch-up contributions only if they or, if applicable, their designated beneficiary has an immediate and heavy financial need that cannot be met by other financial resources, including a loan or a non-hardship in-service withdrawal.

Rollover in-service withdrawal

If a participant has rolled non-Roth money into the Plan and has not incurred a severance from employment, they may take a rollover in-service withdrawal. There is no limit on the number of such withdrawals that they can make from the Plan in any given Plan Year.

Notes to Financial Statements (continued)

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of benefits

Benefits are recorded when paid.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Trustee prices the assets in the investment manager portfolios, taking into account values supplied by a reputable pricing or quotation service or quotations furnished by one or more reputable sources, fund administrators or other relevant information.

The Plan records dividend income on investments held as of the ex-dividend dates, interest income on the accrual basis and other gains or losses when incurred. The Plan's net appreciation in fair value of investments consists of the net realized gains (losses) and the net change in unrealized appreciation/(depreciation). See Note 3 for additional information.

Purchases and sales of investments

Purchases and sales of investments are recorded on a trade-date basis. The receivable related to investments sold before year-end but not settled until after year-end is recorded in receivable for investments sold on the statements of assets available for benefits. The payable related to investments purchased before year-end but not settled until after year-end is recorded in payable for investments purchased on the statements of assets available for benefits. TBA commitments are forward agreements for the purchase or sale of securities, including mortgage-backed securities for a fixed price, with payment and delivery on an agreed upon future settlement date. These commitments are included in participant-directed investments at fair value on the statements of net assets available for benefits.

Contributions

Participant contributions are recorded when withheld.

Notes to Financial Statements (continued)

2. Summary of accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements (continued)

3. Fair value measurements

Accounting Standards Codification 820, *Fair Value Measurement*, requires enhanced classification and disclosures about financial instruments carried at fair value and establishes a fair value hierarchy that prioritizes the inputs used in valuation models and techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The inputs are summarized in the three broad levels listed below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly (inputs include quoted prices for similar assets or liabilities in active markets, interest rates and yield curves, credit risk assessments, etc.).
- Level 3 Significant unobservable inputs for assets or liabilities.

Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Cash and cash equivalents

Cash and cash equivalents are primarily comprised of cash, foreign cash and short-term investment funds managed by BNY. Cash and foreign cash are classified within Level 1 of the valuation hierarchy. Highly liquid investment instruments with a maturity of three months or less at the time of purchase are considered to be cash equivalents. The carrying value of cash equivalents approximates fair value due to the short-term nature of these investments. Cash equivalents are classified within Level 2 of the valuation hierarchy.

U.S. government/U.S. agency securities and corporate bonds

Some of these investments are traded electronically where quoted prices are available while others are traded over-the-counter where quoted prices are unavailable. Where quoted prices are available in an active market, the investments are classified within Level 1 of the valuation hierarchy. For other fixed income securities and corporate bonds where quoted market prices are not available for the specific security, fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. These security prices are provided by reputable pricing or quotation services. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

Notes to Financial Statements (continued)

3. Fair value measurements (continued)

Common stocks, registered investment companies, mutual funds and other equities

Common stocks, registered investment companies, mutual funds and other equities listed on a national stock exchange or a listed market such as the NASDAQ National Market System are valued at the closing price and are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available for the specific security, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows and are classified within Level 2 of the valuation hierarchy.

Common/collective trusts

These investments primarily consist of units owned in commingled fund investment vehicles that provide daily liquidity with no redemption restrictions. They are valued by the fund administrator using net asset value (NAV) as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. These investments are not leveled within the fair value hierarchy but are included in Investments measured at NAV. There are no unfunded commitments and there is no redemption notice period.

Fixed income securities and repurchase agreements acquired with cash collateral

The Trust invests cash received as collateral for securities that are loaned through the Plan's securities lending program with BNY. Cash collateral received is invested in repurchase agreements, which are generally valued at amortized cost, and fixed income securities. The Plan determined that the fair value of any repurchase agreements with maturities exceeding 60 days can generally be represented by their amortized cost, taking into account a risk factor adjustment due to considerations of the creditworthiness of the issuer and other factors that may affect fair value. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

Self-directed brokerage accounts

Self-directed brokerage accounts include investments in registered investment companies, common stock, money market funds, mutual funds and other investments which are classified within Level 1 of the valuation hierarchy due to the valuation methods described above.

Derivatives and other investments

Listed derivatives, such as futures and exchange-traded options, are valued at the closing prices reported on the active market on which the derivative trades and are classified within Level 1 of the valuation hierarchy. The fair value of forward foreign currency contracts, swap contracts and foreign government bonds are estimated using pricing models that consider the time value of money, volatility and the current market or contractual prices of the underlying financial instruments and are classified within Level 2 of the valuation hierarchy.

Notes to Financial Statements (continued)

3. Fair value measurements (continued)

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2024 and 2023. As required by U.S. GAAP, assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

All investments (except the fixed income securities and repurchase agreements acquired with cash collateral, self-directed brokerage accounts and investments measured at NAV) are held in separately managed accounts.

Assets measured at NAV represents investments estimated at fair value using NAV as a practical expedient. These investments are not leveled in the fair value hierarchy table.

The Plan did not hold any Level 3 investments as of December 31, 2024 or 2023 or during the year ended December 31, 2024.

As of December 31, 2024 and 2023, the total fair value of securities on loan was \$811,796 and \$624,979, respectively. Of these securities on loan, \$313,895 and \$167,683 were equity securities, and \$497,901 and \$457,296 were debt securities, as of December 31, 2024 and 2023, respectively.

As of December 31, 2024, TBA commitments to sell securities of \$16 million are included in participantdirected investments at fair value on the statement of net assets available for benefits.

⁴ As of December 31, 2023, TBA commitments to sell securities of \$24 million are included in participant-directed investments at fair value on the statement of net assets available for benefits.

Includes futures, swap and forward foreign currency contracts which are included in participant-directed investments at fair value on the statement of net assets available for benefits.

Notes to Financial Statements (continued)

4. Derivatives and offsetting effects

Certain investment fund managers use derivative financial instruments including forward foreign currency contracts, futures contracts, swaps, and options. Derivatives involve, to varying degrees, elements of credit and market risk such that potential maximum loss is in excess of the amounts recognized in the financial statements.

Forward foreign currency contracts

In a forward foreign currency contract, one currency is exchanged for another on an agreed-upon date at an agreed-upon exchange rate. Management permits the Plan's investment managers to use forward foreign currency contracts to manage the currency risk inherent in owning securities denominated in foreign currencies and to enhance investment returns. Risks arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts and from fluctuations in the value of a foreign currency relative to the U.S. dollar or U.S. Treasury security. Most of the contracts have terms of ninety days or less and are settled in cash on settlement of the contract. The change in fair value of such contracts is recorded by the Plan as an unrealized gain or loss. When the contract is closed, the Plan records a realized gain or loss equal to the difference between the cost of the contract at the time it was opened and the value at the time it was closed. Both realized and unrealized gains/losses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits. The Plan held open forward foreign currency contracts receivable and payable primarily in Pound sterling, Swiss franc, Australian dollar, Canadian dollar, Norwegian krone, Swedish krona, Euro, Japanese yen and New Zealand dollar as of December 31, 2024 and December 31, 2023. Forward foreign currency contracts are included in other investments in Note 3.

Futures contracts

Futures contracts are commitments to purchase or sell securities based on financial indices or at a specified price on a future date. These contracts are used to manage both short-term asset allocation and the duration of the fixed income portfolio. Most of the contracts have terms of less than one year. The counterparty risk of futures contracts is limited because they are standardized contracts traded on organized exchanges and are subject to daily cash settlement of the net change in value of open contracts. Fluctuations in unrealized gains or losses related to futures contracts are recorded daily until realized on closing. Both realized and unrealized gains or losses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits. Futures contracts require collateral consisting of cash or liquid securities and daily variation margin settlements to be provided to brokers. Outstanding futures contracts held by the Plan consist primarily of U.S. Treasury note futures and exchange index futures as of December 31, 2024 and December 31, 2023. Futures contracts are included in other investments in Note 3.

Notes to Financial Statements (continued)

4. Derivatives and offsetting effects (continued)

Swap contracts

Swap contracts involve the exchange by the Plan with another party of their respective commitments to pay or receive a series of cash flows calculated by reference to changes in specified prices or rates throughout the lives of the agreements. A realized gain or loss is recorded upon termination or settlement of swap agreements. Unrealized gains or losses are recorded based on the fair value of the swaps. Both realized and unrealized gain and loss are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits. As part of their investment strategy, some investment managers retained by the Plan enter into total return swaps to achieve their target positioning and enhance investment returns, interest rate swaps to hedge exposure to changes in interest rates and to enhance investment returns and credit default swaps in order to manage the credit exposure in the portfolio and to enhance investment returns.

The Plan had outstanding swap contracts consisting of total return swap, interest rate swap and credit default swap contracts as of December 31, 2024 and total return swap contracts as of December 31, 2023. Swap contracts are included in other investments in Note 3.

The Plan utilizes its investment managers to conduct derivative trading on its behalf. Investment managers enter into International Swaps and Derivative (ISDA) Master Agreements with counterparties. The ISDA Agreements contain master netting arrangements that allow amounts owed from the counterparty to be offset with amounts payable to the same counterparty within the same investment manager's account within the Plan. Each investment manager retains separate ISDA agreements with the Plan's counterparties. Cash collateral associated with the derivatives have not been added or netted against the fair value amounts.

The following table presents the fair values of derivative instruments included in investments in the statements of net assets available for benefits:

	(In thousands)							
	December 31, 2024				December 31, 2023			
	Assets		Liabilities		Assets		Liabilities	
Forward foreign currency contracts Futures contracts Swap contracts	\$	3,651 862 251	\$	3,760 1,239 902	\$	4,737 1,619 163	\$	3,799 1,310 175

Notes to Financial Statements (continued)

4. Derivatives and offsetting effects (continued)

The following table sets forth by major risk type the Plan's gains/(losses) related to the trading activities of derivatives for the year ended December 31, 2024, which are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits:

Derivative contracts	(In thousands) Net appreciation (depreciation) in fair value of investments		
Foreign currency risk contracts ¹	\$	(1,573)	
Equity risk contracts ²		9,838	
Interest rate risk contracts ³		(1,869)	
Credit risk ⁴		(4)	
Total derivative contracts	\$	6,392	

¹ Includes forward foreign currency contracts

The following table presents the gross notional amounts of outstanding derivatives (recorded at fair value) as of December 31, 2024:

	(In thousands)					
		Long	Short			
Derivative contracts – Notional amounts						
Futures contracts	\$	168,195 \$	68,074			
Swap contracts		22,213	25,552			
Forward foreign currency contracts		202,570	209,546			

The following table presents the gross notional amounts of outstanding derivatives (recorded at fair value) as of December 31, 2023:

	(In thousands)				
		Long	Short		
Derivative contracts – Notional amounts					
Futures contracts	\$	168,616 \$	91,202		
Swap contracts		13,092	10,016		
Forward foreign currency contracts		164,172	187,999		

² Includes index futures, equity index swaps and total return swaps

³ Includes futures contracts on fixed income securities

⁴ Includes credit default swaps

Notes to Financial Statements (continued)

4. Derivatives and offsetting effects (continued)

The balances outstanding as of December 31, 2024 and 2023 are indicative of the average volume of derivative activity during each respective year.

Offsetting effects

The Plan is required to disclose the impact of offsetting assets and liabilities presented in the statements of net assets available for benefits to enable users of the financial statements to evaluate the effect or potential effect of netting arrangements on its financial position for recognized assets and liabilities. The assets and liabilities that would be subject to offsetting are derivative instruments that are either subject to an enforceable master netting arrangement or similar agreement or meet the following right of setoff criteria: the amounts owed by the Plan to another party are determinable, the Plan has the right to setoff the amounts owed with the amounts owed by the other party, the Plan intends to setoff, and the Plan's right of setoff is enforceable by law.

When the Plan has a basis to conclude that a legally enforceable netting arrangement exists between the Plan and the counterparty, the Plan may offset these assets and liabilities in its statement of net assets available for benefits. The Plan records its derivative investments on a gross basis in the statements of net assets available for benefits.

The following table provides disclosure regarding the potential effect of offsetting recognized assets and liabilities presented in the statements of net assets available for benefits had the Plan applied these netting provisions:

As of December 31, 2024:

	Assets presented in statements	the in tl	Gross amounts not offset in the statements of net assets available for benefits				
Description	net assets avai for benefits o gross basis	on a Financi		Collateral received	Net amo	unt	
Securities lending ²	\$ 811,796	\$	_	\$ (811,796)	\$	_	

¹ The Plan does not offset in the statements of net assets available for benefits.

² The amount of collateral presented is limited such that the net amount should not be less than zero.

Notes to Financial Statements (continued)

4. Derivatives and offsetting effects (continued)

As of December 31, 2023:

	-	Assets esented in the atements of	Gross amounts not offset in the statements of net assets available for bene				
Description	for	ssets available benefits on a cross basis ¹	Fina instru		Collateral received	Net am	ount
Securities lending ²	\$	624,979	\$	_	\$ (624,979)	\$	_

¹ The Plan does not offset in the statements of net assets available for benefits.

5. Tax status

The Plan received a determination letter from the IRS dated June 18, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. The Plan is required to be operated in conformity with the Code to maintain its tax-qualification. The Plan Administrator and counsel believe that the Plan is being operated in compliance with the applicable requirements of the Code and therefore that the Plan remains qualified and that its related trust remains tax-exempt.

U.S. GAAP requires the Plan Administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to amend or terminate the Plan in accordance with the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts to the extent not already fully vested. Additionally, the Plan provides that in the event of Plan termination the net assets are to be distributed to participants in amounts equal to their respective interests in such assets.

² The amount of collateral presented is limited such that the net amount should not be less than zero.

Notes to Financial Statements (continued)

7. Plan expenses

All Plan participants share ratably in the cost of administering the Plan based on their entire Plan account balance, including any balance in a self-directed brokerage account. Plan administrative cost includes recordkeeping fees, trustee/custodial fees, fiduciary and plan administrator costs, online investment-advice-tool fees, participant communications costs, audit and legal fees, and fees for certain third-party services used in connection with administering the Plan and overseeing the Plan's investment managers. These costs are not "asset-based," although the aggregate amount of such costs is allocated to the Plan's investment funds ratably. As a result, these costs are reflected in the calculation of each fund's NAV per unit. There are no "revenue sharing" arrangements between any of the Plan's investment managers and the Plan's recordkeeper. The fees of the Plan's investment managers are charged directly to the funds to which they relate and are reflected in the calculation of each fund's NAV per unit. Other fees (for example, for the Plan's Professional Management program or for processing qualified domestic relations orders) are charged directly to the accounts of those Plan participants who incur them and are included in administrative expenses of the Plan on the statement of changes in net assets available for benefits.

8. Securities lending

The Trust participates in securities lending programs with BNY. The securities lending agreement requires that the Trust receive U.S. dollar cash or securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, or certain sovereign debt securities as collateral for securities on loan. Collateral equaling 102% of the fair value of domestic securities and 105% of the total fair value of non-U.S. securities on loan is required in accordance with the agreement. As of December 31, 2024 and 2023, the fair value of the securities on loan was \$811.8 million and \$625.0 million, respectively. Such securities are included in investments on the statements of net assets available for benefits. The Trust received collateral from borrowers in the form of cash and securities. The Trust has the ability to repledge (rehypothecate) the cash; however, the securities cannot be repledged. As of December 31, 2024 and 2023, the Trust held cash collateral of \$826.0 million and \$642.4 million, respectively, in connection with the loaned securities. The cash collateral was used to enter into repurchase agreements and to purchase various securities consistent with the investment guidelines including instruments issued or fully guaranteed by the U.S. government or federal agencies, certain floating rate notes, commercial paper, certificates of deposit and time deposits. As of December 31, 2024 and 2023, the fair value of the investments acquired with the cash collateral was \$826.7 million and \$642.8 million, respectively, and is included in Participant-directed investments at fair value on the statements of net assets available for benefits.

The securities received as collateral for loaned securities which cannot be sold or repledged included U.S. Treasuries and certain sovereign debt securities with fair values of \$9.0 million and \$2.6 million as of December 31, 2024 and 2023, respectively. Such securities are not reflected in the Plan's net assets.

Notes to Financial Statements (continued)

8. Securities lending (continued)

The Plan received securities lending income in the amount of \$1.7 million, net of bank fees, in 2024 from the securities lending program; this income is included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Under the repurchase agreements, the Trust acquires a security for cash subject to an obligation by the counterparty to repurchase, and the Trust to resell, the security at an agreed upon price and time. In these transactions, the Trust takes possession of securities collateralizing the repurchase agreement. The collateral is marked to market daily to ensure that the fair value of the assets remains sufficient to protect the Trust in the event of default by the seller. As of December 31, 2024 and 2023, repurchase agreements entered into with cash collateral were valued at amortized cost of \$361.7 million and \$131.1 million, respectively, and the fair value of securities which the Trust held as collateral with respect to such repurchase agreements was \$391.0 million and \$140.0 million, respectively.

The amortized cost of the repurchase agreements approximates fair value and is recorded in Participant-directed investments at fair value on the statements of net assets available for benefits.

The following table summarizes the terms of the Trust's repurchase agreements that are embedded in the securities lending program:

(In thousands)							
As of December 31, 2024							

	Remaining Contractual Maturity of Agreements								
		rnight and Continuous		to 30 Days	30	-90 Days	Greate	r than 90 Days	Total

Total	\$	62,326	\$	_	\$	53,200	\$	15,600 \$	131,126

Notes to Financial Statements (continued)

8. Securities lending (continued)

The Trust bears the risk of loss with respect to the investment of the cash collateral except for repurchase agreements which are indemnified by BNY. BNY has agreed to indemnify the Trust in the case of default of any borrower pursuant to respective securities lending agreements.

See Note 4 for offsetting information pertaining to securities lending programs that are subject to master netting arrangements.

9. Party-in-interest and related-party transactions

Some of the cost of administering the Plan is paid to service providers that are deemed parties-ininterest under the provisions of ERISA. The payment of these costs and expenses meets the requirements of one or more prohibited transaction exemptions under ERISA.

As described in Note 1, NIMCO provided fiduciary services and investment management services to the Plan through September 30, 2024. Effective October 1, 2024, pursuant to delegation from the PBIC (the named fiduciary of the Plan with respect to investment matters), certain employees of the Company (supported by certain employees of NIMCO) have provided fiduciary services to the Plan. NIMCO charged the Plan only for the costs that are incurred for providing such services to the Plan. For the year ended December 31, 2024, the Plan incurred fiduciary service fees of \$635,000, which are generally reflected in the calculation of each fund's NAV per unit. As of December 31, 2024 and 2023, the Plan had a payable due to NIMCO of \$127,000 and \$128,000, respectively, which is included in other liabilities on the statements of net assets available for benefits.

The Company provides administrative services to the Plan and charges the Plan only for the costs that are incurred for providing such services. For the year ended December 31, 2024, the Plan incurred administrative service fees of \$177,000 which are generally reflected in the calculation of each fund's NAV per unit.

Certain Plan investments are managed by affiliates of the Trustee. As of December 31, 2024 and 2023, through the self-directed brokerage accounts, the Plan held \$112.8 million and \$114.9 million, respectively, of the Dreyfus Treasury and Agency Cash Management Fund and other Dreyfus money market funds, which are funds that are managed by affiliates of the Trustee. Pershing, an affiliate of the Trustee, is the custodian of the self-directed brokerage accounts.

Certain Plan investments include fixed income and equity securities of entities that are service providers with respect to the Trust (including, for example, BNY, the Trustee and custodian of the Trust). Such securities were acquired by investment managers pursuant to exemptions under section 408 of ERISA, and therefore these investments constitute exempt party-in-interest transactions.

Notes to Financial Statements (continued)

9. Party-in-interest and related-party transactions (continued)

As of December 31, 2024 and 2023, the Plan held \$3.9 million and \$3.6 million, respectively, of Nokia Corporation (the ultimate parent of the Company) common stock, primarily in the self-directed brokerage accounts.

The Plan also issues notes to participants, which are secured by the vested balances in the participants' accounts.

10. Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Plan's Form 5500 as of December 31, 2024 and 2023:

(In thousands)

	(11t tite tiseliteis)			11005)
		2024		2023
Net assets available for benefits per the financial statements	\$	8,946,874	\$	8,372,895
Adjustment for deemed distribution of participant loans	(174)		(214)	
Net assets per Form 5500	\$	8,946,700	\$	8,372,681

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

	(In	tnousanas)
Increase in net assets per the financial statements	\$	573,979
Adjustment for deemed distribution of participant loans		40
Net income per Form 5500	\$	574,019

11. Subsequent events

Management evaluated subsequent events through June 17, 2025, the date the financial statements were available to be issued. On December 17, 2024, the PBIC (the Plan's named fiduciary with respect to investment-related matters) approved changes to the Plan's Investment Policy Statement. Based on those changes, Mercer (the Plan's Outsourced Chief Investment Officer and fully-discretionary investment manager within the meaning of ERISA 3(38)) made certain changes to the investment funds and fund line-up available to Plan participants, effective starting on May 28, 2025. Those changes were communicated to participants in advance. There were no other subsequent events that occurred between January 1, 2025 through June 17, 2025 that required disclosures in or adjustments to the financial statements.
