

EFFECTIVE APRIL 1, 2015

ALCATEL-LUCENT SAVINGS/401(k) PLAN

This version (posted June 2015) corrects a typographical error contained on page 13 of the Plan's Annual Fee and Expense Disclosure effective April 1, 2015 with respect to the activity-specific charges that are in place for the US Small Cap Equity Fund. A 2% short-term trading fee for units held less than 31 days has been in place for the US Small Cap Equity Fund continuously since 2004. Please refer to the Plan's Summary Plan Description and Fund Fact Sheets for information about short-term trading fees and the Plan's Frequent Trading Policy.

PLAN-RELATED INFORMATION

YOUR RIGHT TO DIRECT THE INVESTMENT OF YOUR PLAN ACCOUNT

You have the right to direct how you want the balance in your Plan account to be invested. As described more fully below, the Plan offers a broad range of investment funds, enabling you to make choices that are right for you. As also described more fully below, if you are comfortable doing your own investment research and are prepared and willing to assume the responsibility for more closely monitoring your investments, the Plan offers a self-directed brokerage account feature. A self-directed brokerage account may entail greater risk and is not appropriate for everyone.

Because you control the investment of your Plan account, the Plan's fiduciaries are relieved of liability for any losses that are the result of investment instructions given by you.

LIMITATIONS ON YOUR ABILITY TO GIVE INVESTMENT INSTRUCTIONS

There are a number of restrictions on your ability to give investment instructions with respect to your Plan account.

Investment Funds. The Plan's investment funds are intended for long-term investment purposes and are not managed or intended to serve as short-term trading vehicles. Accordingly, your right to give investment instructions in your Plan account is subject to certain restrictions on "frequent trading." Frequent trading occurs when participants move their balances into and out of investment funds in a relatively short period of time. Frequent trading increases the cost of operating an investment fund, which in turn reduces the return to all the fund's participants.

The Plan has adopted the following policy in connection with frequent trading:

- Participants who transfer money out of one of the Plan's investment funds will not be able to make a transfer back into that same investment fund for a period of 30 calendar days. **Note:** This restriction does not apply to transfers out of or back into the Money Market Fund.

In addition, each of the investment managers for the Plan's investment funds maintains a cash balance (i.e., liquidity) in the investment fund intended to satisfy: 1) daily trading activity of the investment fund, and 2) net participant fund transfers, loans, in-service withdrawals and distributions. If, due to unusual participant or market activity, an investment fund has insufficient liquidity to satisfy 1) or 2) above, fund transfers, loans, in-service withdrawals and/or distributions may be temporarily suspended.

IMPORTANT INFORMATION

This document contains important information about fees and expenses under the Alcatel-Lucent Savings/401(k) Plan. No specific action is required of you. However, you should carefully consider the information contained in this document, along with other information available to you concerning the Plan and its investment funds when making decisions regarding the investment of your Plan account.

ALCATEL-LUCENT SAVINGS/401(k) PLAN

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

Self-Directed Brokerage Account. If you have a self-directed brokerage account in the Plan, you are restricted from certain types of trading and also investing in certain securities. Specifically, margin trading and short sales are not permitted. Also, you may not invest in any of the following: annuities, commodities, currencies, foreign securities (securities traded on non-United States securities exchanges), futures contracts, municipal bonds, options, precious metals, private placements (including privately held limited partnerships), and tax-exempt securities.

Professional Management Program. If you enroll in the Plan's Professional Management program (the "Program") (see **Designated Investment Manager**), you will have delegated all your powers, duties and responsibilities with respect to the investment, reinvestment and allocation of your Plan account (excluding any restricted investments as specified in your Program agreement) to Aon Hewitt Financial Advisors, LLC ("AFA"). If you also elect the Income+ feature, when you request distributions from your Plan account through Income+, you will also have delegated to AFA all powers, duties and responsibilities necessary to effectuate such distributions, including without limitation the power for AFA to specify the time and amount of distributions and to instruct the Plan's recordkeeper and other parties as needed to process distribution requests.

PLAN ADMINISTRATIVE COSTS

Plan administrative costs include audit and legal fees, participant communications costs, fiduciary services costs, investment advice fees, plan administrator costs, recordkeeping fees and trustee/custodial fees. All Plan participants share ratably in the cost of administering the Plan, based on their entire Plan account balance, including any balance in a self-directed brokerage account. The process by which Plan administrative costs are assessed against your Plan account is as follows:

- With respect to the portion of your account balance invested in the Plan's investment funds, Plan administrative costs are paid directly out of the Plan's investment funds. In this way, the costs you bear are proportional to your balances in those funds. Since the fees and expenses are deducted directly from the Plan's investment funds, you will not see a separate deduction from your Plan account. Information regarding all of the fees and expenses that were charged to the Plan's investment funds in the prior year is set forth in the section entitled **Investment-Related Information**.
- With respect to the portion of your account balance you invest through a self-directed brokerage account, the Plan assesses Plan administrative costs at the same rate as for the Plan's investment funds based upon your self-directed brokerage account balance. Since those costs cannot be paid directly from your self-directed brokerage account assets, the amount is deducted quarterly from your balance in the Plan's investment fund(s) (ratably across all such funds).

ALCATEL-LUCENT SAVINGS/401(k) PLAN

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

SERVICE-SPECIFIC FEES

Some fees are charged directly to the accounts of those Plan participants who incur them. The service-specific fees that a Plan participant might incur are as follows:

SERVICE	FEE
Domestic Relations Orders Fee	You will pay a \$500 fee when a domestic relations order is processed on your account. (This occurs when a court awards a portion of your account to another person due to a divorce settlement.) The fee is deducted upon receipt of the order.
Professional Management Program Fees	<p>If you are enrolled in the Professional Management program offered by the Plan through Aon Hewitt Financial Advisors, LLC, you will be charged a fee that is based on the size of your account:</p> <ul style="list-style-type: none">• Up to the first \$100,000 0.45% of assets• The next \$100,001 to \$250,000 0.35% of assets• \$250,001 or more 0.20% of assets <p>The fee is calculated based on the average weighted month-end Plan account balance for a calendar quarter and is debited from your Plan account at the start of the following quarter.</p>
Self-Directed Brokerage Account Fees	<p>Depending upon the investments purchased and sold in a self-directed brokerage account, other commissions and fees may apply and will be charged within your self-directed brokerage account. Before you purchase or sell securities through a self-directed brokerage account, you should find out about any fees associated with the purchase or sale of the particular investment you are trading. You can obtain a schedule of applicable trading fees and commissions online by logging in to your account at http://resources.hewitt.com/alcatel-lucent or by contacting a Hewitt Financial Services representative at 1-800-890-3200.</p> <p>There are no ongoing fees for maintaining access to the self-directed brokerage account; however, as described in the Plan Administrative Costs section on the previous page, Plan administrative costs are assessed based on your balance. For actual Plan administrative costs assessed to your self-directed brokerage account balance in 2014, see page 12.</p>

If you incur a service-specific fee, it will appear on your quarterly Plan account statement, unless the fee you incur is a trade-related commission or fee in a self-directed brokerage account. In that case, the fee will appear on the trade confirmation at the time the trade was processed.

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

SELF-DIRECTED BROKERAGE ACCOUNT OFFERED UNDER THE PLAN

In addition to being able to select from the Plan's investment choices on [page 6](#), you may also utilize a self-directed brokerage account offered under the Plan via Hewitt Financial Services. A self-directed brokerage account allows you to make investments in your Plan account beyond the investment funds offered under the Plan. (There are certain limitations on investing through your self-directed brokerage account. See "Self-Directed Brokerage Account" under [Limitations on Your Ability to Give Investment Instructions](#).) A self-directed brokerage account may entail greater risk and is not appropriate for everyone. A self-directed brokerage account may be appropriate for you if you are willing to be exposed to additional risk and if you are prepared to take on the additional responsibility of more closely managing and monitoring this portion of your portfolio. Investments available through the self-directed brokerage account are neither reviewed nor monitored by Alcatel-Lucent or the Plan, nor can you receive the Online Advice or Professional Management services offered by the Plan through Aon Hewitt Financial Advisors, LLC with respect to a self-directed brokerage account.

You are solely responsible for choosing and monitoring investments in a self-directed brokerage account. For retail investments, there is information available to all investors (e.g., a mutual fund prospectus). You can request that a copy of a fund prospectus be sent to you from the www.hewittfs.com website, by contacting a Hewitt Financial Services representative at 1-800-890-3200 between the hours of 9:00 a.m. and 7:00 p.m., Eastern Time (ET), or by going to the fund's website directly.

Once you have signed up for a self-directed brokerage account, you can go to <http://resources.hewitt.com/alcatel-lucent> and transfer amounts from the portion of your Plan account invested in the Plan's investment funds into your self-directed brokerage account. Your initial transfer into the brokerage account must be at least \$2,500. Subsequent transfers must be at least \$500, and you are required to leave a minimum of \$500 invested in the Plan's investment funds. If you do not maintain this minimum balance in the Plan's investment funds, Hewitt Financial Services may, in its discretion, liquidate one or more investments in accordance with the terms of your Self-Directed Brokerage Account Plan Participant Agreement. Depending on the investments liquidated, other commissions and fees may apply.

Actual investment trades in a self-directed brokerage account are conducted through the www.hewittfs.com website or by contacting a Hewitt Financial Services representative at 1-800-890-3200 between the hours of 9:00 a.m. and 7:00 p.m., ET.

INVESTMENT-RELATED INFORMATION

INVESTMENT FUNDS OFFERED UNDER THE PLAN

The Plan offers a broad array of investment funds from which to choose. Each fund offers differing levels of risk and potential for return. You may invest in any one or a combination of these investment funds. (In addition to being able to select from the investment funds offered under the Plan, the Plan offers you a self-directed brokerage account to customize your portfolio or supplement the investment funds offered under the Plan.)

Each of the investment funds is either a “separate account” fund or an institutional commingled fund. There are no mutual funds offered under the Plan (although, if you desire, you can invest in mutual funds through a self-directed brokerage account). A separate account is an institutional investment account managed by an investment manager(s) for a single plan or trust that does not get commingled with any other plan’s or trust’s assets. A separate account in the Plan is only available to Plan participants and is not offered for sale to the general public. A separate account is not a mutual fund and is not required to file a prospectus with the Securities and Exchange Commission (SEC). A commingled fund is an investment fund created by a bank or trust company for employee benefit plans, such as 401(k) plans, that pools the assets of more than one employee benefit plan or trust for investment purposes. Commingled funds are governed by rules and regulations that apply to banks and trust companies. They are not registered with the SEC. These funds are also referred to as collective investment funds.

FOR MORE INFORMATION

More detailed information about the Plan’s investment funds is contained in the Fund Fact Sheets. (See the section [Where to Get Additional Information.](#)) Additional information concerning the Retirement Date Funds is set forth in the [Appendix.](#)

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

DESIGNATED INVESTMENT MANAGER

In addition to the investment managers hired to manage the Plan's investment funds (see **Investment Funds Offered Under the Plan**), the Plan offers the opportunity for participants to enroll in the Professional Management program. Under Professional Management (which may be used with or without the Income+ feature), you delegate certain powers, duties and responsibilities with respect to your Plan account (excluding any restricted investments as specified in the Program agreement) to the Plan's designated investment manager (see **Limitations on Your Ability to Give Investment Instructions**).

The Plan's designated investment manager for this service is Aon Hewitt Financial Advisors, LLC, a subsidiary of Aon Hewitt. There is an additional fee for the Professional Management program charged by Aon Hewitt Financial Advisors, LLC (see **Service-Specific Fees**). Participants with an address on record outside the United States, its territories or Army Post Office Code AA, AE or AP are not eligible for Professional Management. For more information about the Program, contact the Alcatel-Lucent Benefits Center at 1-888-232-4111 (select the "Retirement and Investments" option and then "Investment Advice") between the hours of 9:00 a.m. and 9:00 p.m., ET, Monday through Friday.

PERFORMANCE INFORMATION

The table on **pages 9-10** shows performance information for the Plan's investment funds as of December 31, 2014. (Performance information for the Retirement Date 2055 Fund is not included as it was not an available investment fund under the Plan during 2014.) As you review performance information, remember that the performance shown is past performance. Past performance does not guarantee future results. Also, periods of market strength may not be repeated, and share/unit price, yield and return will fluctuate. Current performance may be higher or lower than what is shown. Because of performance fluctuations, you could have a gain or loss in your Plan account when you sell your shares/units.

The performance information is shown net of fees (investment management fees and each investment fund's share of Plan administrative expenses). See the section **Fees and Expenses for more information.**

ALCATEL-LUCENT SAVINGS/401(k) PLAN

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

INVESTMENT RISK

Investment funds available through the Plan, including the Money Market Fund, are not insured or guaranteed by the FDIC or any other government agency. In addition, although money market funds seek to preserve the value of your investment, it is possible to lose money by investing in the Money Market Fund.

Stock markets, especially foreign markets, are volatile and can decline in response to adverse issuer, political, regulatory, market or economic developments. The stocks of less well-known, small- and mid-sized companies can be more volatile than those of larger companies. Foreign securities and currencies are subject to interest rate, currency exchange rate, economic and political risks.

In general, the bond market is volatile, and fixed income securities carry interest-rate risk, which means that when interest rates in the market rise there is generally a corresponding decline in the market values of bonds (and vice versa). This effect is generally more pronounced for longer-term bonds. Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Credit risk is the risk that the issuer of a bond will not be able to make principal and interest payments when they are due.

CFTC DISCLOSURE

Under the Commodity Exchange Act (the “Act”), certain employee benefit trusts may be deemed to be commodity pools if the trusts’ investment funds trade swaps, futures, options or other commodity interests. Generally, under the Act, operators of such commodity pools are required to register with the Commodity Futures Trading Commission (“CFTC”) as commodity pool operators unless an exemption applies or an exclusion is claimed. The Lucent Technologies Inc. Defined Contribution Plan Master Trust (the “Trust”) holds the assets of the investment funds offered by the Alcatel-Lucent Savings/401(k) Plan. Certain of those funds may, from time to time, trade swaps futures, options and/or other commodity interests and, as a result, the Trust might be deemed to be a commodity pool within the meaning of the Act.

Alcatel-Lucent Investment Management Corporation (“ALIMCO”), in its capacity as a named fiduciary of the Trust, has claimed an exclusion from the definition of the term “commodity pool operator” pursuant to CFTC Regulation 4.5(a)(4) and operates the Trust on the basis of that exclusion. Therefore, neither ALIMCO nor the Trust’s trustee is required to deliver to participants a disclosure document or certified annual report that satisfies the requirements of CFTC rules applicable to registered commodity pool operators. The CFTC does not pass upon the merits of participating in the investment funds offered by the Alcatel-Lucent Savings/401(k) Plan.

PERFORMANCE BENCHMARKS

Market Indices. The performance information is shown with reference to certain benchmarks or market indices. The market indices are defined in the glossary of investment-related terms (see the section [Where to Get Additional Information](#)).

Customized Benchmarks. The Balanced Real Asset Fund, Customized Real Asset Fund and Retirement Date Funds use customized composite benchmarks, as follow:

- **Retirement Date Funds.** Each composite benchmark has the same target asset allocation as the Fund's target asset allocation and uses index returns to represent performance of the underlying funds. The benchmark returns were calculated by weighting the monthly index returns of each underlying fund's benchmark by the Fund's monthly target allocation for underlying funds. Target allocations adjust quarterly in accordance with the Retirement Date Fund's asset allocation design. For the periods shown on the previous pages, the Russell 1000® Growth Index was used to represent the allocation to the US Large Cap Growth Equity Fund, the Russell 1000® Value Index was used to represent the US Large Cap Value Equity Fund, the Russell 2000® Index was used to represent the US Small Cap Equity Fund, the MSCI World ex-USA Index was used to represent the International Equity Fund, the MSCI Emerging Markets Index was used to represent the Emerging Markets Equity Fund, a separate custom benchmark (described below) was used to represent the Customized Real Asset Fund, the Citigroup High Yield Market Capped Index was used to represent the High Yield Bond Fund, the Barclays US Aggregate Index was used to represent the Core Bond Fund, the Barclays US TIPS Index was used to represent the Treasury Inflation-Linked Bond Fund, and the Barclays 1-3 Year Government/Credit Index was used to represent the Short Term Bond Fund.
- **Customized Real Asset Fund.** The composite benchmark for the Customized Real Asset Fund was comprised of 50% MSCI ACW Commodity Producers Index, 25% Dow Jones UBS Commodity Index and 25% Barclays US TIPS 1-10 Year Index.
- **Balanced Real Asset Fund.** The composite benchmark for the Balanced Real Asset Fund was comprised of 30% MSCI ACW Commodity Producers Index, 15% Dow Jones UBS Commodity Index and 55% Barclays US TIPS 1-10 Year Index.

Benchmark/index performance is not illustrative of any particular investment in the Plan. None of the benchmarks or indices is an actively managed investment. It is not possible to invest directly in an index.

ALCATEL-LUCENT SAVINGS/401(k) PLAN

ANNUAL FEE AND EXPENSE DISCLOSURE

EFFECTIVE APRIL 1, 2015

FEES AND EXPENSES

The table on the following page shows fee and expense information for each of the Plan's investment funds. Fees and expenses include both fund operating expenses and the investment fund's share of those Plan-wide administrative costs that are paid directly out of the Plan's investment funds. Collectively, these fees and expenses are sometimes referred to as the investment fund's total expense ratio. The information is presented both as a percentage of assets invested and as a dollar amount per \$1,000 invested. It reflects fees and expenses for the 2014 Plan Year – the most recent full Plan Year for which information is available. (Fee and expense information for the Retirement Date 2055 Fund is not included as it was not an available investment fund under the Plan during 2014.) Because actual fund operating expenses, certain Plan administrative costs and total Plan assets cannot be known in advance, the total fees and expenses paid directly out of the Plan's investment funds during 2015 could be different from what is shown on the following page.

With respect to any portion of your account balance you may have invested through a self-directed brokerage account, the Plan assessed Plan administrative costs at the same rate as for the Plan's investment funds based upon your self-directed brokerage account balance. Since those costs could not be paid directly from your self-directed brokerage account assets, the amount was deducted quarterly from your balance in the Plan's investment fund(s) (ratably across all such funds). Plan administrative costs were 5 basis points (\$0.50 per \$1,000 invested) in 2014.

The cumulative effect of fees and expenses can substantially reduce an investment's return. Nonetheless, fees and expenses are only one of several factors that you should consider when investing your Plan account.

FOR MORE INFORMATION

Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses on retirement savings: www.dol.gov/ebsa/publications/401k_employee.html.

*These funds were created specifically for inclusion in the Retirement Date Funds and are not available for direct participant investment.

[†]Fund Operating Expenses are the costs associated with operating the fund, including the fund's investment management fee and other operational expenses incurred by the fund's investment manager, such as custodian, legal and audit fees.

[§]Plan Administrative Costs are comprised of the fund's share of Plan-wide audit and legal fees, participant communication costs, fiduciary services costs, investment advice fees, plan administrator costs, recordkeeping fees and trustee/custodial fees.

‡This fund carries a short-term trading fee of 2% for units held less than 31 days.

*Expenses for the International Equity Index Fund and the US Large Cap Equity Index Fund (new funds during 2014) have been annualized to simulate a full year of expenses.

LIMITATION OF PLAN FIDUCIARIES’ LIABILITY AND RESERVATION OF RIGHTS

The Plan is intended to be a participant-directed individual account plan described in Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and regulations thereunder. This means that fiduciaries of the Plan are relieved of liability for any losses that are the direct and necessary result of investment instructions given by a participant with respect to his or her Plan account. This document is not meant to interpret, extend or change the Plan document in any way. The Plan document is the controlling document and, in the case of any conflict or discrepancy between the information contained in this document and the terms of the Plan document, the Plan document will govern your rights and benefits. Alcatel-Lucent reserves the right (subject to any applicable collective bargaining agreement) to amend or terminate the Plan at any time and for any reason.

ADDITIONAL INFORMATION REGARDING THE RETIREMENT DATE FUNDS

RETIREMENT DATE FUND MANAGER & STRATEGY

The Retirement Date Funds are a series of investment separate accounts managed by AllianceBernstein L.P., under the names Retirement Date 2055 Fund, Retirement Date 2050 Fund, Retirement Date 2045 Fund, Retirement Date 2040 Fund, Retirement Date 2035 Fund, Retirement Date 2030 Fund, Retirement Date 2025 Fund, Retirement Date 2020 Fund, Retirement Date 2015 Fund, Retirement Date 2010 Fund, Retirement Date 2005 Fund, Retirement Date 2000 Fund, and Retirement Date Income Fund (each, a “Fund”). Each Retirement Date Fund offers a diversified mix of investments, combining a variety of different underlying equity, bond and inflation-sensitive funds. Each Retirement Date Fund seeks to maximize total return over time (total return includes capital appreciation and income) consistent with the Fund’s investment mix.

FUND DESCRIPTION

Each Retirement Date Fund (except the Retirement Date Income Fund) has a date in its name – the Fund’s “target date.” The target date is the approximate year when you might expect to retire and begin gradually withdrawing from your Plan account. The Retirement Date Fund’s investment mix is gradually adjusted by the fund’s investment manager as the target date approaches. Funds that are furthest away from their target dates start out invested almost entirely in equity funds – to emphasize the growth potential you need to build wealth over the long term. As you move toward, and into, retirement, the Fund automatically adjusts the mix of investments to reflect changing investment objectives. As currently structured, when a Fund reaches its target date, the investment mix is 53% equity funds, 10% real asset funds and 37% bond funds. A Fund’s final investment mix, 20 years after the target date, is 26% equity funds, 7% real asset funds and 67% bond funds. Retirement Date Funds include equities beyond their target dates to help protect your savings from losing purchasing power due to inflation and to help reduce the risk of your depleting your money during retirement. (Funds that previously reached their target dates or final investment mix had the structure that was in effect at that time.)

RISK

Retirement Date Funds are subject to the volatility of the financial markets, including equity and fixed income investments in the United States and abroad, and may be subject to risks associated with investing in high yield, small/mid cap and foreign securities. Investments in Retirement Date Funds are not guaranteed against loss of principal. At any time, your balance in the Fund can be more or less than the original amount you contributed – including at the Fund’s target date. Also, investing in a Retirement Date Fund does not guarantee sufficient income in retirement. Unit price, yield and return of the funds will vary.

INVESTMENT MIX OVER TIME

The table below shows the target allocations to the underlying investment funds and how the target investment mix of a Retirement Date Fund changes over time. The farther you are from retirement, the greater the investment in equity funds, which carry more risk but have greater growth potential. As you move closer to retirement and into retirement, a Retirement Date Fund begins to increase its allocation to bond funds.

FUND NAME	YEARS UNTIL RETIREMENT								0	YEARS AFTER RETIREMENT				
	40+	35	30	25	20	15	10	5		5	10	15	20	25+

This chart does not represent any particular Retirement Date Fund. It is meant to show how the investment mix of any Retirement Date Fund changes over a lifetime. Numbers may not sum due to rounding. Managers of underlying investment funds may change in the future consistent with achieving the overall objective of the Retirement Date Funds.

ESTIMATED ANNUALIZED FEES AND EXPENSES

Because actual fund operating expenses, certain Plan administrative costs and total Plan assets cannot be known in advance, the total expense ratios for the Retirement Date Funds could be different from what is shown below. Fees and expenses are only one of several factors you should consider when making investment decisions. Estimated annualized fee and expense information for the Retirement Date Funds as of August 1, 2015 is as follows:

FUND NAME	ESTIMATED ANNUALIZED FEES AND EXPENSES (AS A % OF ASSETS INVESTED)			ESTIMATED ANNUALIZED FEES AND EXPENSES (PER \$1,000 INVESTED)		
	Fund Operating Expenses*	+ Plan Administrative Costs†	= Total Expense Ratio	Fund Operating Expenses*	+ Plan Administrative Costs†	= Total Expense Ratio
RETIREMENT DATE INCOME FUND	0.28%	0.05%	0.33%	\$2.80	\$0.50	\$3.30
RETIREMENT DATE 2000 FUND	0.31%	0.05%	0.36%	\$3.10	\$0.50	\$3.60
RETIREMENT DATE 2005 FUND	0.34%	0.05%	0.39%	\$3.40	\$0.50	\$3.90
RETIREMENT DATE 2010 FUND	0.37%	0.05%	0.42%	\$3.70	\$0.50	\$4.20
RETIREMENT DATE 2015 FUND	0.40%	0.05%	0.45%	\$4.00	\$0.50	\$4.50
RETIREMENT DATE 2020 FUND	0.42%	0.05%	0.47%	\$4.20	\$0.50	\$4.70
RETIREMENT DATE 2025 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90
RETIREMENT DATE 2030 FUND	0.45%	0.05%	0.50%	\$4.50	\$0.50	\$5.00
RETIREMENT DATE 2035 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90
RETIREMENT DATE 2040 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90
RETIREMENT DATE 2045 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90
RETIREMENT DATE 2050 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90
RETIREMENT DATE 2055 FUND	0.44%	0.05%	0.49%	\$4.40	\$0.50	\$4.90

*Fund operating expenses are the costs associated with operating the Fund, including the Fund's investment management fee and other operational expenses incurred by the Fund's investment manager, such as custodian, legal and audit fees.

†Plan administrative costs are composed of the Fund's share of Plan-wide audit and legal fees, participant communication costs, fiduciary services costs, investment advice fees, Plan Administrator costs, recordkeeping fees, and trustee/custodial fees.
