As a participant in one or more of these Plans during this period, you have the right to receive a copy of the full Annual Reports, or any part thereof, on request. <p>QDIA NOTICE NOKIA SAVINGS/401(k) PLAN QUALIFIED DEFAULT INVESTMENT ALTERNATIVE</p>
--

The Retirement Date Funds described herein comprise the “qualified default investment alternative” (“QDIA”) for the Nokia Savings/401(k) Plan. This notice constitutes the Plan’s notice under section 404(c) of the Employee Retirement Income Security Act of 1974, as amended, and 29 C.F.R. § 2550.404c-5.

SIGNIFICANCE OF A QDIA

As a participant in the Plan, you generally have the right under the Plan to direct the investment of your existing account balances and future contributions, if applicable, to any of the Plan’s investment funds. However, in the event that you do not provide investment direction, contributions or other additions made to your Plan account will be invested in the applicable Retirement Date Fund as described below. Participants and beneficiaries who have a balance in a QDIA have the right to direct their investment to any other investment funds under the Plan.

RETIREMENT DATE FUND MANAGER & STRATEGY

The Retirement Date Funds are a series of investment separate accounts managed by AllianceBernstein L.P., under the names Retirement Date 2055 Fund, Retirement Date 2050 Fund, Retirement Date 2045 Fund, Retirement Date 2040 Fund, Retirement Date 2035 Fund, Retirement Date 2030 Fund, Retirement Date 2025 Fund, Retirement Date 2020 Fund, Retirement Date 2015 Fund, Retirement Date 2010 Fund, Retirement Date 2005 Fund, Retirement Date 2000 Fund, and Retirement Date Income Fund (each, a “Retirement Date Fund” or “Fund”). Each Retirement Date Fund offers a diversified mix of investments, combining a variety of different underlying equity, bond and inflation-sensitive funds. Each Retirement Date Fund seeks to maximize total return over time (total return includes capital appreciation and income) consistent with the Fund’s investment mix.

FUND DESCRIPTION

Each Retirement Date Fund (except the Retirement Date Income Fund) has a date in its name — the Fund’s “target date.” The target date is the approximate year when you might expect to retire and begin gradually withdrawing from your Plan account. The Retirement Date Fund’s portfolio mix automatically adjusts as the target date

approaches. Funds that are furthest away from their target dates start out invested almost entirely in equities — to emphasize the growth potential you need to build wealth over the long term. As you move toward, and into, retirement, the Fund automatically adjusts the mix of investments to reflect changing investment objectives. As currently structured, when a Fund reaches its target date, the investment mix is 53% equities, 10% real assets and 37% bonds. A Fund’s final investment mix, 20 years after the target date, is 26% equities, 7% real assets and 67% bonds. Retirement Date Funds include equities beyond their target dates to help protect your savings from losing purchasing power due to inflation and to help reduce the risk of you depleting your money during retirement.

RISK

Retirement Date Funds are subject to the volatility of the financial markets, including equity and fixed income investments in the United States and abroad, and may be subject to risks associated with investing in high yield bonds, commodities, small/mid cap equities and foreign securities. Investments in Retirement Date Funds are not guaranteed against loss of principal. At any time, your balance in the Fund can be more or less than the original amount you contributed — including at the Fund’s target date. Also, investing in a Retirement Date Fund does not guarantee sufficient income in retirement. Unit price, yield and return of the funds will vary.

INVESTMENT MIX OVER TIME

The chart and table below show the target allocation to each underlying investment fund and how the investment mix of a Retirement Date Fund changes over time. The further you are from retirement, the greater the investment in equities, which carry more risk but have greater growth potential. As you move closer to retirement and into retirement, the fund begins to increase its allocation to bond funds.

ESTIMATED ANNUALIZED FEES AND EXPENSES

Estimated annualized fee and expense information for the Retirement Date Funds as of April 1, 2020 is shown below. The changes are as follows:

In June 2020, the IRS issued guidance that affects the previously announced changes made to the Plan with regard to the COVID-19 certification requirements (required to suspend any Plan loan and also to take a “COVID-Related Distribution”) and also the repayment of any Plan loan that was suspended due to COVID-19. As a result of this guidance, the following applies to the Plan:

Self-Certification – “Your spouse, or a member of your household” has been added to some of the eligibility requirements. Find updated self-certification criteria by logging on to the YBR website at <http://digital.alight.com/nokia> and select the “Has COVID-19 Impacted you Financially?” tile. In addition, you can contact the Nokia Benefits Resource Center at 1-888-232-4111. Benefits Center representatives are available Monday through Friday from 9:00 a.m. to 5:00 p.m. Eastern Time (ET).

Loan Suspension Repayments – If you choose to suspend your Plan loan(s) by December 31, 2020, loan repayments via payroll deductions [for active participants] or direct debit [for terminated participants] will restart or will need to be restarted in January 2021. Your current loan repayment period will be extended for 1 year and your loan repayment amount will be reamortized prior to your first 2021 loan repayment due date.
