THE LUCENT SUPPLEMENTAL HEALTHCARE BENEFITS PLAN FOR FORMERLY REPRESENTED RETIREES

FRR

NOKIA

SUMMARY ANNUAL REPORTS

The following are summaries of the Annual Reports of employee benefit plans sponsored by Nokia of America Corporation (Nokia) and certain of its affiliates covering eligible formerly represented retirees for which distribution of summary annual reports is required under federal law. These summaries, and the Annual Reports they summarize, are for the plan year January 1, 2022 through December 31, 2022. The Annual Reports have been filed with the U.S. Department of Labor's Employee Benefits Security Administration, as required under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

As a participant in one or more of these Plans during this period, you have the right to receive a copy of the full Annual Reports, or any part thereof, on request. See "YOUR RIGHTS TO ADDITIONAL INFORMATION" on page 4 of these reports for information on your rights under ERISA and where to write for copies of any of the full Nokia plan Annual Reports and/or where to examine them.

I – CAPITAL ACCUMULATION PLAN

Nokia Savings/401(k) Plan — PN 003

Basic Financial Statement

Benefits under the Plan are provided by a trust fund. Plan expenses were \$499,024,000, including \$496,889,000 in benefits paid to participants and beneficiaries, \$2,153,000 in administrative expenses (amounts paid directly from participant accounts for service-specific fees such as for processing domestic relations orders or for the Professional Management Program) and other expenses of (\$18,000). A total of 27,726 persons were participants in or beneficiaries of the Plan at the end of the plan year.

The value of the Plan assets, after subtracting liabilities of the Plan, was \$7,466,861,000 as of December 31, 2022, compared to \$9,166,731,000 as of January 1, 2022. During the plan year, the Plan experienced a decrease in its net assets of \$1,699,870,000. This decrease includes unrealized appreciation or depreciation in the value of the Plan's assets; that is, the difference between the value of the Plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year.

Plan income was (\$1,200,846,000), including \$109,493,000 in employee contributions, employer matching contributions of \$0, rollover contributions of \$17,357,000 and earnings from investments of (\$1,327,696,000).

II – LIFE INSURANCE PLAN

Nokia Group Term Life Insurance Plan — PN 509

Insurance Information

The Plan has contracts with MetLife to pay all life insurance claims incurred under the terms of the Plan. A total of 7,901 persons were participants in the Plan at the end of the plan year.

The total premiums paid for the plan year ending December 31, 2022 were \$26,048,018. Because these are so-called "experience-rated" contracts, the premium costs are affected by, among other things, the number and size of claims. All insurance premiums paid during the plan year were paid under these "experience-rated" contracts. The total of all benefit claims paid under these contracts during the plan year was \$24,349,913.

III – GROUP HEALTH PLAN

Nokia Retiree Welfare Benefits Plan — PN 504

Nokia has committed itself to pay certain medical claims incurred under the terms of the Plan for certain eligible participants. All other benefits under the Plan are provided by a trust fund, a 401(h) account, an applicable life insurance account, and one or more policies of insurance, as described below.

Basic Financial Statement

A total of 62,122 persons were participants in the Plan at the end of the plan year.

The value of Plan assets, after subtracting liabilities of the Plan, was \$573,458,000 as of December 31, 2022, compared to \$744,668,000 as of January 1, 2022. During the plan year, the Plan experienced a decrease in its net assets of \$171,210,000. This decrease includes unrealized appreciation and depreciation in the value of Plan assets; that is, the difference between the value of Plan assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year.

Plan income was \$8,391,000, including employer contributions of \$1,079,000, employee contributions of \$67,353,000, other contributions of \$50,000,000 and earnings from investments of (\$110,041,000).

Plan expenses were \$179,601,000. These expenses included \$161,225,000 in benefits paid to participants, \$9,896,000 in premiums paid to insurance carriers and \$8,480,000 in administrative expenses.

Claims Administration

During the plan year, the Plan had contracts with UnitedHealthcare and CVS Caremark, among others, which administer retiree medical claims incurred under the terms of the Plan.

Insurance Information

An approved Health Maintenance Organization (HMO) may be selected as an alternate choice under the Plan.

During the plan year, the Plan had contracts with 15 HMOs (including Medicare HMOs) that provided medical coverage to those retirees who elected to participate in an HMO. The total premiums paid to the HMOs for the plan year ending December 31, 2022 were \$5,927,000.

The Plan also has a contract with a Medicare Advantage Preferred Provider Organization (PPO) that provided medical coverage to those Medicare-eligible retirees who elected to participate in the PPO. The total premiums paid to the PPO for the plan year ending December 31, 2022 were \$0.

The Plan has a contract with MetLife to pay all life insurance claims incurred under the terms of the Plan. Total premiums paid for the plan year ending December 31, 2022 were \$92,168,000.

Because this is a so-called “experience-rated” contract, the premium costs were affected by, among other things, the number and size of claims. All insurance premiums paid during the plan year were paid under this “experience-rated” contract. The total of all benefit claims paid under this contract during the plan year was \$92,985,000.

In addition, the Plan offers a Dental Maintenance Organization® (DMO®) and a Dental Preferred Provider Organization (Dental PPO) feature for those retirees who elect to participate in them. The DMO® and Dental PPO offer services through a network of dental providers and are administered by Aetna Inc. Total premiums for the plan year ending December 31, 2022 were \$1,212,000 in the DMO® and \$7,077,000 in the Dental PPO.

IV – OTHER PLAN

Lucent Technologies Inc. Long-Term Care Plan — PN 524

Insurance Information

The Plan has a contract with MetLife to pay all claims incurred under the terms of the Plan. A total of 8,454 persons were participants in the Plan at the end of the plan year.

The total premiums paid for the plan year ending December 31, 2022 were \$9,043,357. Because this is a so-called “experience-rated” contract, the premium costs are affected by, among other things, the number and size of claims. All insurance premiums paid during the plan year were paid under this “experience-rated” contract. The total of all benefit claims paid under this contract during the plan year was \$13,329,383.

YOUR RIGHTS TO ADDITIONAL INFORMATION

You have the right to receive a copy of any of the full Annual Reports, or any part thereof, on request (where applicable). SUMMARY ANNUAL REPORT

THE LUCENT SUPPLEMENTAL HEALTHCARE BENEFITS PLAN FOR FORMERLY REPRESENTED RETIREES

The following is a summary of the Annual Report for the period January 1, 2022 through December 31, 2022 for the Lucent Supplemental Healthcare Benefits Plan for Formerly Represented Retirees (the "Plan"), in which formerly represented retirees and their eligible dependents (who participate in the Nokia Medical Expense Plan for Retired Employees, the Nokia Dental Expense Plan for Retired Employees, or their successor plans) are participants. The Annual Report for this Plan has been filed with the Department of Labor's Employee Benefits Security Administration, as required under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

If you are a participant in a plan covered by this Plan during this period, you have the right to receive a copy of the full Annual Report, or any part thereof, on request. See the end of this report for information on your rights under ERISA and where to write for copies of the full Annual Report for the Plan and/or where to examine it.

The Lucent Supplemental Healthcare Benefits Plan for Formerly Represented Retirees — PN 501

Basic Financial Statement

The costs associated with providing benefits under the Plan are paid from a jointly administered trust fund, called the Lucent Supplemental Healthcare Benefits Trust for Formerly Represented Retirees, sponsored by the trust's joint board of trustees. Nokia of America Corporation (the "Employer") makes certain contributions to the trust pursuant to and in accordance with the terms of an agreement with the Communications Workers of America and the International Brotherhood of Electrical Workers. The Plan provides no benefit payments directly to formerly represented retired employees or to their medical service providers. Rather, the Plan provides payment directly to certain retiree health benefit plans or, where medical benefits are advanced by the Employer, reimbursement to the Employer for a portion of the participants' medical and/or dental expenses. Not all retiree health benefit plans participate in the Plan.

The value of the Plan assets, after subtracting liabilities of the Plan, was \$186,362,574 as of December 31, 2022, compared to \$195,770,091 as of January 1, 2022. During the plan year, the Plan experienced a decrease in its net assets of \$9,407,517. This decrease includes unrealized appreciation and depreciation in the value of the Plan's assets—that is, the difference between the value of the Plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. During the plan year, the plan had total income of (\$9,104,853), including earnings from investments of (\$8,227,234) and realized gains from the sale of assets of (\$877,619). Plan expenses were \$302,664. These expenses included \$302,664 in general and administrative expenses and \$0 in reimbursements made to the Employer with respect to medical benefits advanced to participants.

A total of 32,336 retirees and dependents were participants in retiree health benefit plans covered by the Plan at the end of the plan year.
