Report of Independent Auditors

To the Administrator of Nokia Retiree Welfare Benefits Plan

We have audited the accompanying financial statements of Nokia Retiree Welfare Benefits Plan (the "Plan"), which comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2018, and 2017, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2018 and 2017, and the changes in its financial status for the year ended December 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2018 and the schedule of reportable transactions for the year ended December 31, 2018 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements (In Thousands)

December 31, 2018

1. Plan description

The following description of the Nokia Retiree Welfare Benefits Plan (the Plan) provides only general information. Participants should refer to the Plan document, and the plan documents and the summary plan descriptions of each of the component plans, for a more complete description of the Plan's provisions.

General

The Plan is an umbrella plan comprised of the following component plans: the Nokia Medical Expense Plan for Retired Employees (the Retiree Dental Plan) and the Nokia Group Life Insurance Plan for Retired Employees (the Retiree Group Life Plan). The Retiree Medical Plan and the Retiree Dental Plan are contributory employee welfare benefit plans that provide standard health benefits to eligible retired employees and eligible dependents of Nokia of America Corporation (the Sponsor, the Company and the Plan Administrator), and its domestic subsidiaries. Although the Retiree Group Life Plan permits participant contributions, the plan has been non-contributory to date. It provides basic life insurance benefits to eligible retired employees of the Sponsor and its domestic subsidiaries who are eligible for disability or service pensions. The Plan and its component plans are employee benefit plans subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

In August 2014, the Sponsor and the Communications Workers of America and International Brotherhood of Electrical Workers (collectively, the Unions) entered into an agreement (i) to continue health benefits for formerly represented retirees through December 31, 2019, and (ii) to reduce the Sponsor's funding commitment with respect to such health benefits for the 2017, 2018, and 2019 plan years by \$40,000 each year.

Benefits

The Plan provides health benefits (hospital, surgical, medical, prescription drug and mental health/chemical dependency), including a Health Maintenance Organization (HMO) option and a Medicare Advantage Preferred Provider Organization (MAPPO) option, and dental benefits, including a Dental Maintenance Organization (DMO) option and a Preferred Provider Organization (PPO) option, to eligible retired participants, their lawful spouses, and eligible dependents. The Plan provides for continuation of certain benefits upon the occurrence of a qualifying event through the Consolidated Omnibus Budget Reconciliation Act of 1985.

Notes to Financial Statements (continued) (In Thousands)

1. Plan description (continued)

In addition to health benefits, the Plan provides death benefits to eligible retired employees of the Sponsor which are payable to their beneficiaries. A participant may assign his or her life insurance under the Plan in accordance with the terms and conditions of his or her policy. Benefit payments for these benefits are administered under insurance contracts with Metropolitan Life Insurance Company (MetLife).

During 2018, the Plan paid \$12,931 in HMO premiums, \$15,411 in MAPPO premiums, \$1,576 in DMO premiums and \$7,744 in dental PPO premiums to insurance carriers, which are included in payments for benefits. The Plan received refunds of certain of these premiums. See Note 2 for additional information.

Section 420 maintenance of cost obligation

Section 420 of the Internal Revenue Code of 1986, as amended (the Code) permits employers maintaining an overfunded defined benefit pension plan to transfer excess pension assets (as defined in Section 420) from the pension plan to a health benefits account, a retiree life insurance account, or both, established within the pension plan and to use the assets in such accounts to pay for applicable health benefits or applicable life insurance benefits (each as defined in Section 420) for retired employees (and, with respect to health benefits, their spouses and dependents). Under current law, no such transfers may be made after December 31, 2025.

A transfer of excess pension assets under Section 420 imposes certain "maintenance of cost" obligations on the group health plan or arrangement and group term life insurance plan under which the applicable health benefit and applicable life insurance benefits, as the case may be, are provided.

Contributions

The Sponsor has also created certain voluntary employees' beneficiary association trusts (the Trusts). According to the Trusts' agreements, the Sponsor may contribute such assets to the Trusts as it reasonably determines necessary and appropriate to pay expenses under the various medical, dental, and group life benefit plans consistent with any limitations under Section 419 of the Code and shall specifically indicate the allocation of such assets among the plans.

Notes to Financial Statements (continued) (In Thousands)

1. Plan description (continued)

Participant contributions are made primarily through pension deductions and direct billing by the Sponsor, which in turn remits contributions to the Plan on the participants' behalf. Participant contributions reflect the cost of the selected coverage level and optional dependent coverage less the amount of cost paid by the Sponsor. Participant contributions also include elections to continue coverage for dependents of deceased retired participants.

For eligible formerly represented occupational retirees who retired before March 1, 1990, the Sponsor pays the entire cost of the medical and dental coverage, except for non-grandfathered Class II dependents for whom the retiree pays the entire cost. In addition, the Sponsor reimburses the entire amount of Medicare Part B premiums for these Medicare-eligible retired employees and/or their spouses.

For eligible formerly represented occupational retirees who retire on or after March 1, 1990, sponsor contributions are limited to the following annual amounts for medical and dental coverage:

	Formerly Represented Occupational
	(In Whole Dollars)
Retired under age 65 – single coverage Retired under age 65 – family coverage Retired age 65 and over – single coverage Retired age 65 and over – family coverage	\$ 4,225 8,600 2,000 4,625

In addition, the amount the Sponsor reimburses for Medicare Part B premiums for these Medicareeligible retired employees will not exceed \$46.00 per month (\$33.00 for spouses) (in whole dollars). However, no reimbursement is made for spouses of employees who retired after May 31, 1998.

For eligible management and non-represented occupational retirees who retired before March 1, 1990, the Sponsor pays the entire cost of the medical coverage, except for non-grandfathered Class II dependents for whom the retiree pays the entire cost. Management and non-represented occupational retirees pay the full dental cost.

Notes to Financial Statements (continued) (In Thousands)

1. Plan description (continued)

Effective January 1, 2017, medical and dental coverage was eliminated for post-March 1, 1990 non-Medicare eligible management retirees and their dependents and for post-March 1, 1990 non-Medicare eligible non-represented occupational retirees and their dependents.

Pursuant to a December 2004 collective bargaining agreement between the Sponsor and the Unions, the Lucent Supplemental Healthcare Benefits Trust for Formerly Represented Retirees (SHBT) was established for the exclusive purpose of paying a portion of the retiree healthcare benefits that eligible participants and their beneficiaries who are covered by the agreement would otherwise be required to absorb through premiums and other payments. The SHBT provides reimbursement to the Sponsor for a portion of the participants' medical and/or dental expenses. This reimbursement is recorded as Other contributions on the Statement of Changes in Benefit Obligations and Net Assets Available for Benefits.

Prescription drug benefits are provided for Medicare-eligible management and non-represented occupational retirees through a Medicare Prescription Drug Plan (PDP). In a PDP, the prescription drug vendor contracts directly with The Centers for Medicare and Medicaid Services (CMS) to provide Medicare Part D coverage. Plan sponsors who offer PDPs do not receive Medicare Part D Retiree Drug Subsidies for these plans. The Plan's PDP is a self-insured program administered by Express Scripts.

Administrative expenses

Costs of administering the Plan are borne by the Plan or by the Sponsor.

Other

At December 31, 2018 and 2017, the Plan's benefit obligations exceeded its net assets available for benefits. However, management expects that the Plan's net assets available for benefits and future Sponsor contributions will be sufficient to fund obligations as they become due.

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan, subject to collective bargaining agreements, to modify the benefits provided to participants, to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of such termination, the net assets of the Plan shall be allocated to pay the benefit obligations of the Plan in accordance with ERISA.

2. Summary of significant accounting policies

Basis of presentation

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Valuation of investments and income and expense recognition

The Plan invests in common/collective trusts and a registered investment company. Investments in common/collective trusts are valued at fair value based on the common/collective trusts' net asset values on the last business day of the Plan year as determined by the trusts' managers. There are currently no redemption restrictions on the common/collective trusts. Investments in the registered investment company are valued at fair value based on the fund's net asset value on the last business day of the Plan year as determined by the fund's manager. See Note 3 for additional information.

Purchases and sales of investments are recorded on a trade-date basis. Interest income and administrative expenses are recorded on an accrual basis. Dividend income is recorded on investments held as of the ex-dividend dates. The net appreciation/(depreciation) in fair value of investments consists of the realized gains and losses on the sales of securities and the unrealized appreciation/ (depreciation) of investments.

Valuation of group life insurance policies

The Plan has prepaid premiums for life insurance policies with an insurance company. The prepaid premiums are invested by the insurance company at the Plan's direction in equity, fixed income and international separate accounts and general accounts, all of which are valued by the insurance company. The underlying investments in the separate accounts are valued at fair value generally using readily available market values. If there is no readily available market value for any asset in the separate accounts, the insurance company determines, at its discretion and in accordance with any applicable laws and regulations, the value to be used as such asset's market value. The Plan is allocated a portion of the earnings from these investments. The general account's interest crediting rate is currently based upon the six-month U.S. Treasury Bill plus 0.25%. The policies are valued by the insurance company based on the fair value of the underlying assets in the separate accounts and the general account balance.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recently adopted accounting standards

Accounting Standards Update (ASU) No. 2018-13 - Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. The primary focus of ASU No. 2018-13 is to improve the effectiveness of the disclosure requirements for fair value measurements. The changes affect all companies that are required to include fair value measurement disclosures. In general, the amendments in ASU No. 2018-13 are effective for all entities for fiscal years beginning after December 15, 2019. An entity is permitted to early adopt the removed or modified disclosures upon the issuance of ASU No. 2018-13. Plan management elected to adopt this ASU in 2018. The adoption of ASU No. 2018-13 did not have material impact on the financial statements.

ASU No. 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting. ASU No. 2017-06 relates primarily to reporting by an employee benefit plan for its interest in a master trust. ASU No. 2017-06 is effective for fiscal years beginning after December 15, 2018, with early application permitted. Plan management is currently evaluating the impact on the Plan of adopting ASU No. 2017-06.

Accumulated postretirement benefit obligation (APBO)

The APBO represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to December 31 of the applicable year. Accumulated postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and eligible dependents and beneficiaries, (2) active management employees with more than 15 years of service as of June 30, 2001, eligible dependents and beneficiaries and (3) all represented employees and eligible dependents and beneficiaries after retirement from the Sponsor. Prior to an active employee's full eligibility date, the APBO is the portion of the expected postretirement benefit obligation that is attributed to that employee's service performed prior to the valuation date.

The APBO is determined by the Plan's actuary, Aon Hewitt, and is the amount which results from applying actuarial assumptions to historic claims cost data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through

discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For purposes of determining the actuarial present value of accumulated plan benefits for medical as of December 31, 2018, a 6.6% post-65 medical, 6.8% pre-65 medical and 10.8% pre- and post-65 prescription drug annual rate of increase in the per capita cost of covered benefits were assumed for 2019. These rates were assumed to decline gradually after 2019 to 5.0% by the year 2028 and then remain constant.

For purposes of determining the actuarial present value of accumulated plan benefits for medical as of December 31, 2017, a 6.8% post-65 medical, 7.1% pre-65 medical and 11.5% pre- and post-65 prescription drug annual rate of increase in the per capita cost of covered benefits were assumed for 2018. These rates were assumed to decline gradually after 2018 to 5.0% by the year 2028 and then remain constant.

These assumptions could greatly affect the amounts reported. To illustrate, increasing the assumed trend rate by 1% in each year could increase the APBO for medical benefits by \$34,600 and \$45,900 at December 31, 2018 and 2017, respectively.

For purposes of determining the actuarial present value of accumulated plan benefits for dental as of December 31, 2018, a rate of 3.5% was assumed for 2019 and beyond. For purposes of determining the actuarial present value of accumulated plan benefits for dental as of December 31, 2017, a rate of 3.5% was assumed for 2018 and beyond. These assumptions could greatly affect the amounts reported. To illustrate, increasing the assumed trend rate by 1% in each year could increase the APBO for dental benefits by \$1,400 and \$1,900 at December 31, 2018 and 2017, respectively.

For group life costs, the APBO is the amount that results from applying actuarial assumptions to participant census data to estimate future annual incurred claims cost per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Notes to Financial Statements (continued) (In Thousands)

2. Summary of significant accounting policies (continued)

The following summarizes other significant actuarial assumptions used in the valuations as of December 31, 2018 and 2017, respectively:

Weighted-average discount rate: 3.90% (2018), 3.22% (2017)

Mortality: 2018: Society of Actuaries RP-2014 amounts –

weighted, white collar for management retirees and blue collar for occupational retirees with MP-2018

generational projection scale

2017: Society of Actuaries RP-2014 amounts – weighted, white collar for management retirees and blue collar for occupational retirees with MP-2017

generational projection scale

Weighted average rate of

compensation increase: 2.19% (2018), 2.18% (2017)

The foregoing assumptions are based on the presumption that the benefits will continue. Were the benefits to terminate, different actuarial assumptions and other factors might be applicable in determining the APBO.

In March 2010, the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the Act) were enacted. The primary focus of the Act was to significantly reform health care in the U.S. The Plan has included the estimated effect of the Act in the valuation of its postretirement benefit obligation as of December 31, 2018 and 2017. The Plan continues to evaluate the various provisions of the Act.

The Bipartisan Budget Act of 2018 was signed by the President on February 9, 2018. The impact of this legislation was reflected in the present value of accumulated plan benefits as of December 31, 2018.

Medicare subsidy

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 provides for a government subsidy to plan sponsors that maintain a prescription drug plan for Medicare-eligible participants that is at least actuarially equivalent to the benefit provided by Medicare Part D. The Plan does provide an actuarially equivalent benefit. Therefore, the Sponsor expects to receive a subsidy. The Plan's benefit obligation does not reflect the subsidy because the subsidy is provided to the Sponsor and not the Plan.

Notes to Financial Statements (continued) (In Thousands)

2. Summary of significant accounting policies (continued)

Claims incurred but not reported

Plan obligations at December 31, 2018 and 2017 for incurred but not reported claims are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party administrator and are reported on the Statements of Benefit Obligations and Net Assets Available for Benefits. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of assets and benefit obligations and changes therein and disclosures of contingent assets and liabilities. These significant estimates include the Plan's accumulated benefit obligations and market value of investments. Actual results could differ from those estimates.

Risks and uncertainties

Plan contributions and the actuarial present value of the Plan's benefit obligations are determined based on certain assumptions pertaining to per capita claim estimates, interest and mortality rates, inflation rates and participant demographics, all of which are subject to change. As of the date of these financial statements, the Sponsor believes these estimates and assumptions concerning matters such as interest rates and participant demographics are reasonable. However, due to the uncertainties inherent in making any estimate or assumption, it is at least reasonably possible that actual results may differ materially from what has been estimated or assumed.

Investment securities held by the Trusts are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in market conditions could differ materially from what has been reported in the financial statements.

Payments for benefits, net

Benefits are recorded when paid and are presented net of rebates and refunds. Certain premiums and claims are paid from the general assets of the Sponsor; however, all premiums and claims are recorded in the accompanying Statement of Changes in Benefit Obligations and Net Assets

Notes to Financial Statements (continued)
(In Thousands)

2. Summary of significant accounting policies (continued)

Available for Benefits, regardless of whether they were paid from Plan assets or from the general assets of the Sponsor.

Rebates and refunds

Rebates and refunds are recorded when earned from the provider and netted with payments for benefits in the accompanying Statement of Changes in Benefit Obligations and Net Assets Available for Benefits. The Plan utilizes a pharmacy benefit manager which periodically issues rebates to the Plan based on the Plan's actual utilization pattern of specific drugs. The Plan also periodically receives premium refunds from the provider administering the MAPPO plan based on the ratio of revenues received to medical costs incurred. Rebates and refunds due as of the financial statement date have been reported as a receivable, with the offset being netted against payments for benefits. Rebates and refunds totaling \$97,859 have been netted with payments for benefits in the accompanying Statement of Changes in Benefit Obligations and Net Assets Available for Benefits for the year ended December 31, 2018.

Due to Sponsor, net

The Sponsor traditionally makes benefit payments on behalf of the Plan, net of participant contributions, and may opt to receive subsequent reimbursement from the Plan. As a result of timing, a liability has been reported on the Statements of Benefit Obligations and Net Assets Available for Benefits as Due to Sponsor relating to such benefit payments made by the Sponsor that are not yet reimbursed by the Plan as of December 31, 2018 and 2017. Such reimbursements may be made subsequent to the Plan's year-end.

Notes to Financial Statements (continued) (In Thousands)

3. Investments

Plan investments are held in two separate Trusts: (1) the Lucent Technologies Inc. Postretirement Welfare Benefits Trust for Represented Employees (the Represented Trust), and (2) the Lucent Technologies Inc. Postretirement Welfare Benefits Trust for Nonrepresented Employees (the Nonrepresented Trust). Each of these trusts qualifies as a Voluntary Employees' Beneficiary Association (VEBA) under Section 501(c)(9) of the Code. The exclusive purpose of these trusts is to fund future postretirement health and life benefits to eligible participants of the Plan.

Fair value measurements

The Plan follows a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 – inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted market prices for identical or similar assets or liabilities in markets that are not active, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial statements.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Notes to Financial Statements (continued) (In Thousands)

3. Investments (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2018 and 2017. Assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement. The Plan did not hold any Level 2 or Level 3 investments in 2018 or 2017.

4. Section 420 transfers

From time to time, the Sponsor makes "Collectively Bargained Transfers" of excess pension assets of the Lucent Technologies Inc. Master Pension Trust held for the Lucent Technologies Inc. Pension Plan (the Pension Plan) to an account of the Pension Plan under the Master Pension Trust established under section 401(h) of the Code, pursuant to Section 420 of the Code to cover retiree healthcare costs, for Plan participants covered by the Agreement. In 2012, the Sponsor began making collectively bargained transfers of excess pension assets of the Pension Plan to an applicable life insurance account of the Pension Plan under the Master Pension Trust established under Section 420 of the Code, pursuant to Section 420 of the Code, to pay for retiree life insurance coverage.

In accordance with sections 401(h) and 420 of the Code, the Plan's investments in the 401(h) account may not be used for or diverted to any purpose other than providing health benefits for the participants as well as administration costs and the Plan's investments in the applicable life insurance account may not be used for or diverted to any purpose other than providing applicable life insurance benefits with respect to participants as well as administrative costs. The related obligations for health benefits and applicable life insurance benefits are not reported in the Pension Plan's Statement of Accumulated Plan Benefits but are reported as obligations in the Plan.

The following tables present the components of the net assets available for retiree healthcare obligations funded under Code section 401(h) as of December 31, 2018 and 2017 and the related changes in net assets available for benefits for the year ended December 31, 2018.

5. Tax status

The Plan was originally funded by means of a trust established effective as of October 1, 1996 known as the Lucent Technologies Inc. Postretirement Life Insurance Benefits Trust (Life Insurance Benefits Trust). The Life Insurance Benefits Trust obtained a recognition of exemption letter from the Internal Revenue Service (IRS) dated November 25, 1998. The Life Insurance Benefits Trust was amended and restated in 2002, and its tax-exempt status was confirmed by a private letter ruling issued by the IRS on October 10, 2002. Pursuant to the private letter ruling, a further trust was established – the Nonrepresented Trust, and certain life insurance assets associated with the Life Insurance Trust were transferred to the Nonrepresented Trust. The Life Insurance Trust was also renamed the Represented Trust. The Represented Trust and the Nonrepresented Trust were each further amended in 2004. The IRS confirmed the tax-exempt status of both the Represented Trust and the Nonrepresented Trust by a private letter ruling issued September 8, 2004. The Nonrepresented Trust also obtained a recognition of exemption letter from the IRS dated May 24, 2011.

5. Tax status (continued)

The Plan, the Represented Trust and the Nonrepresented Trust are required to operate in conformity with the Code to maintain their tax-exempt status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the related trusts are tax exempt. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States require the Plan Administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. Party-in-interest and related-party transactions

As described in Note 1, the Plan pays certain investment and administrative expenses of the Plan to various service providers, which are parties-in-interest under the provisions of ERISA. The payment of these expenses meets the requirements of one or more prohibited transaction exemptions under ERISA.

Nokia Investment Management Corporation (NIMCO), a wholly owned subsidiary of the Company, provides fiduciary services to the Plan. NIMCO charges the Plan only for the costs that are incurred for providing such services to the Plan. For the year ended December 31, 2018, the Plan incurred fiduciary service fees of \$61, which are included in administrative expenses on the Statement of Changes in Benefit Obligations and Net Assets Available for Benefits. At December 31, 2018 and 2017, the Plan had a payable due to NIMCO of \$15 and \$5, respectively, which is included in accrued administrative expenses on the Statements of Benefit Obligations and Net Assets Available for Benefits.

Certain Plan investments are managed by affiliates of the trustee, Bank of New York Mellon. At December 31, 2018 and 2017, the Plan held \$41.9 million and \$48.9 million, respectively, of the Dreyfus Treasury and Agency Cash Management Fund, which is a fund that is related to the trustee.

(112,847)	(213,202)
(1)	(2)
\$ 423,594 \$	528,889
\$ \$	\$ 550,642 \$ (14,200) (112,847)

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Net decrease in net assets available for benefits per the financial statements	\$ (208,251)
Add: Medical claims payable and liability for claims incurred but not reported at December 31, 2018	
Less:	(14,200)
Medical claims payable and liability for claims incurred but not	
reported at December 31, 2017	16,800
Net decrease in 401(h) account	100,355
Net decrease in applicable life insurance account	1
Net loss per Form 5500	\$ (105,295)

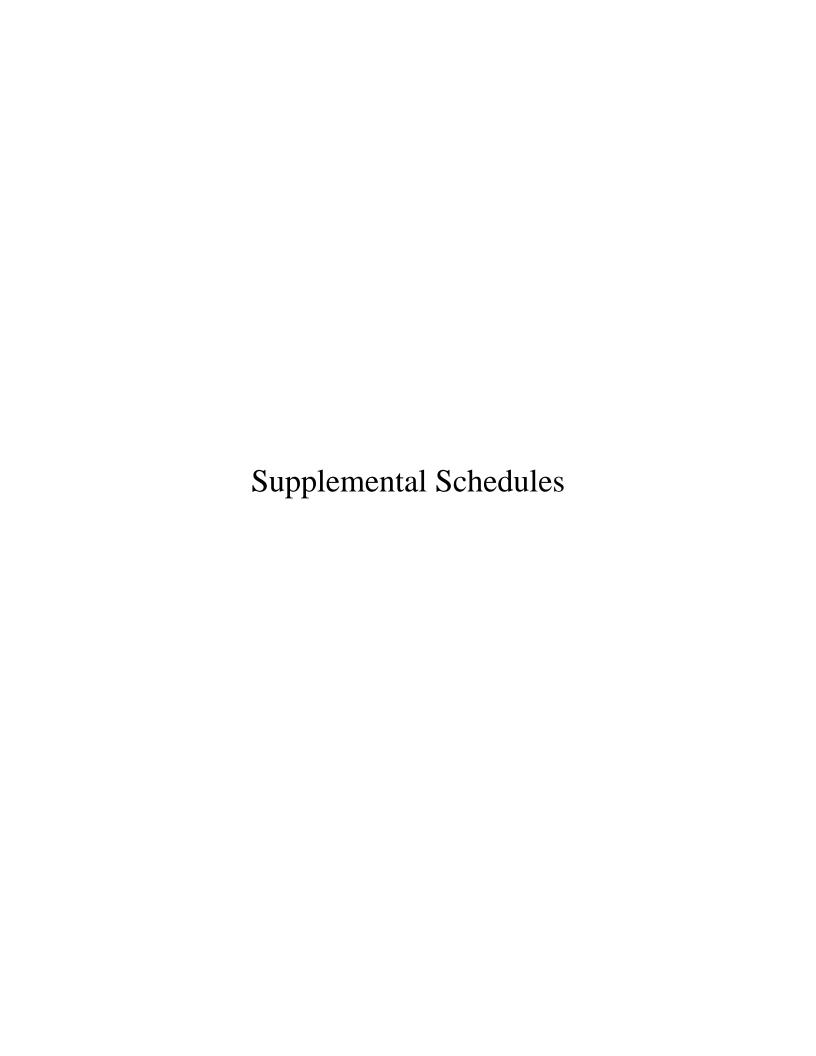

Claims that have been processed and approved for payment at year-end but not paid and claims incurred but not reported are not considered liabilities under U.S. GAAP and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements but are recorded on the Form 5500 as a liability.

The net assets and related activity of the 401(h) account and applicable life insurance account included in the financial statements are not included in the Form 5500 because the assets are held by the Master Pension Trust.
